NUMBER 234

Giants Take First Game Of Series In 12 Inning Session

Griffith Stadium, Washington, Oct. 4. (INS)—In spite of the fact that Walter Johnson's worthy right arm was waiting them plate-ward for the first time in world's series history the New York Giants got the decision over the Washington Senators this afternoon in a 12 inning premier of the great post season classic. Score 4 to 1. Home runs by Kelly and Terry into the conveniently adjacent left field bleachers and Young's pinch single to center with the bases filled in the twelfth followed by Kelly's sacrifice fly decided the issue.

But the Senators accepted defeat only after tying the score with a sensational rally in the ninth, Bluege's infield scratch being followed by Peckinpaugh's double to left center on the hit and run play. It took five minutes to clear the field of flying cushions and wild-eyed fans as Bluege crossed the plate with the tying run. The remaining Senatorial tally was furnished by McNeely's double and successive infield outs in the sixth and Harris's single in the twelfth after Jackson had staked Shirley to two bases on a rank muff.

Subsequently Rice singled to center, sending Harris to third. But Rice was nipped trying to move up on Southworth's fumble and then with the tying run tearing toward the plate Foley retired Goslin on a close play at first.

Bluege, 3b
Peckinpaugh, ss
Ruel, c
Johnson, p

Umpires: Connelly at plate, Klem at first, Dineen at 2nd, Quigly at 3rd.

America's annual baseball classic began this afternoon at Washington with the New York Giants taking the lead over the Washington Senators in the third inning when Giant Kelly developed a lusty homer over the left field bleachers. Terry of the Giants followed this in the fourth inning with a homer into the same pasture. The Senators had their first taste of glory in the sixth when McNeely sent a hefty double down the third base line. A sacrifice by Rice brought in a run, thus saving the Senators from a whitewash, and making the score two to one but in favor of the Giants. Johnson pitched great ball and it seemed that the Giants were helpless against his speed ball except in those instances when a perfect connection was made—then it flew clear out of bounds. Neph was a master at all times. Truly it was an old time pitcher's battle with two old masters playing the principal roles.

As the game progressed it looked as though the scoring for the day was over but the fighting Senators found a situation to their liking. Bluege opened up hostilities with a single and Peckinpaugh "pecked" the left field fence with a swat that brot Bluege home and tied the score.

Throughout the tenth and eleventh innings both teams played faultless ball in a gigantic struggle to prevent one another from gaining the advantage of having won the first game of the series. There were many spectacular plays. Throughout both innings

the pitchers were pillars of strength. In the twelfth, the Giants "found" the veteran Johnson and began to fill the bases. A succession of timely swats brought in two runs and left three men on base when the Giants were retired.

By DAVIS J. WALSH
(I. N. S. Sports Editor.)

Washington, Oct. 4.—They say the streets of Brussels fairly rang with revelry by night and loudly before their defeat at Princeton and that Cornwallis marched to his surrender at Yorktown, "heavy-eyed from the aftermath of a hard evening."

But staid old Washington awoke to its first world series today to discover that it remained staid old Washington, in spite of the fact that it was about to stake itself to what promises to be the most unusual set of games that organized baseball has known. Its inspired Senators were to take on the New York Giants in the series inaugural this afternoon with Walter Johnson's smoke ball on view in a world series for the first time since that esteemed gentleman entered the big time 17 years ago; yet Washington took the matter with dispassionate calm wholly unexpected in view of its lengthy wait for a pennant winner.

It was a typical Johnson day, with a mist hanging low over the field and a Weather Bureau forecast that the afternoon would remain cloudy. In that case, the Giants—harrassed by injuries and the hangover of the O'Connell-Dolan scandal—will step to the plate to try to do business with a baseball that is not altogether discernible to the unrobbed eye.

Because of Johnson, the Senators will step out at 6 to 5 favorites to win the opening game and even money choices to win the series. Physically they had the edge on the Giants, who were weakened by injuries to Heine Groh and Frank Frisch. Psychologically they were highly esteemed because of the nasty scandal that burst in the faces of the Giants less than 72 hours before the opening game.

As Stanley Harris, our well known juvenile manager, put it to the writer:

"If the Giants have guilty knowledge, they will be easy for us. If they haven't, then I look for the men under suspicion to play better ball than they ever did before."

In either case, the writer thinks the Giant morale may suffer. In view of what has gone before, it would be suicidal for Young, Kelly or Frisch to have an off day at any time during the series. A mere fumble might bring down on their heads the investive of the stands and the players in question need be no smarter than the writer thinks they are to realize this.

Frisch will hardly be himself, in any case. He is using a balloon tire for the middle finger of his throwing hand and may find not only fielding but hitting a different proposition. Frisch will play second base however, because the Giants need his inspired leadership.

But at third base, the fragile Groh, sporting a demountable knee, has been replaced by Fred Lindstrom, a young man of excellent defensive virtues but lacking both experience and the pinch at the plate. Try as I will, I cannot help but feel that the Giants are not as good a bet as they were several days ago.

Just how much natural hostility they must face at the Washington ball park and how much this may be enlivened by the expose of Dolan and O'Connell only the next few hours disclose. It is fact, not fiction, that Washington has taken the event rather quietly.

Little or no betting has been evident in the hotel lobbies and excitement everywhere is somewhat below par. Every local breast may be a seething caldron, at that, but if so they wear the mask in this town.

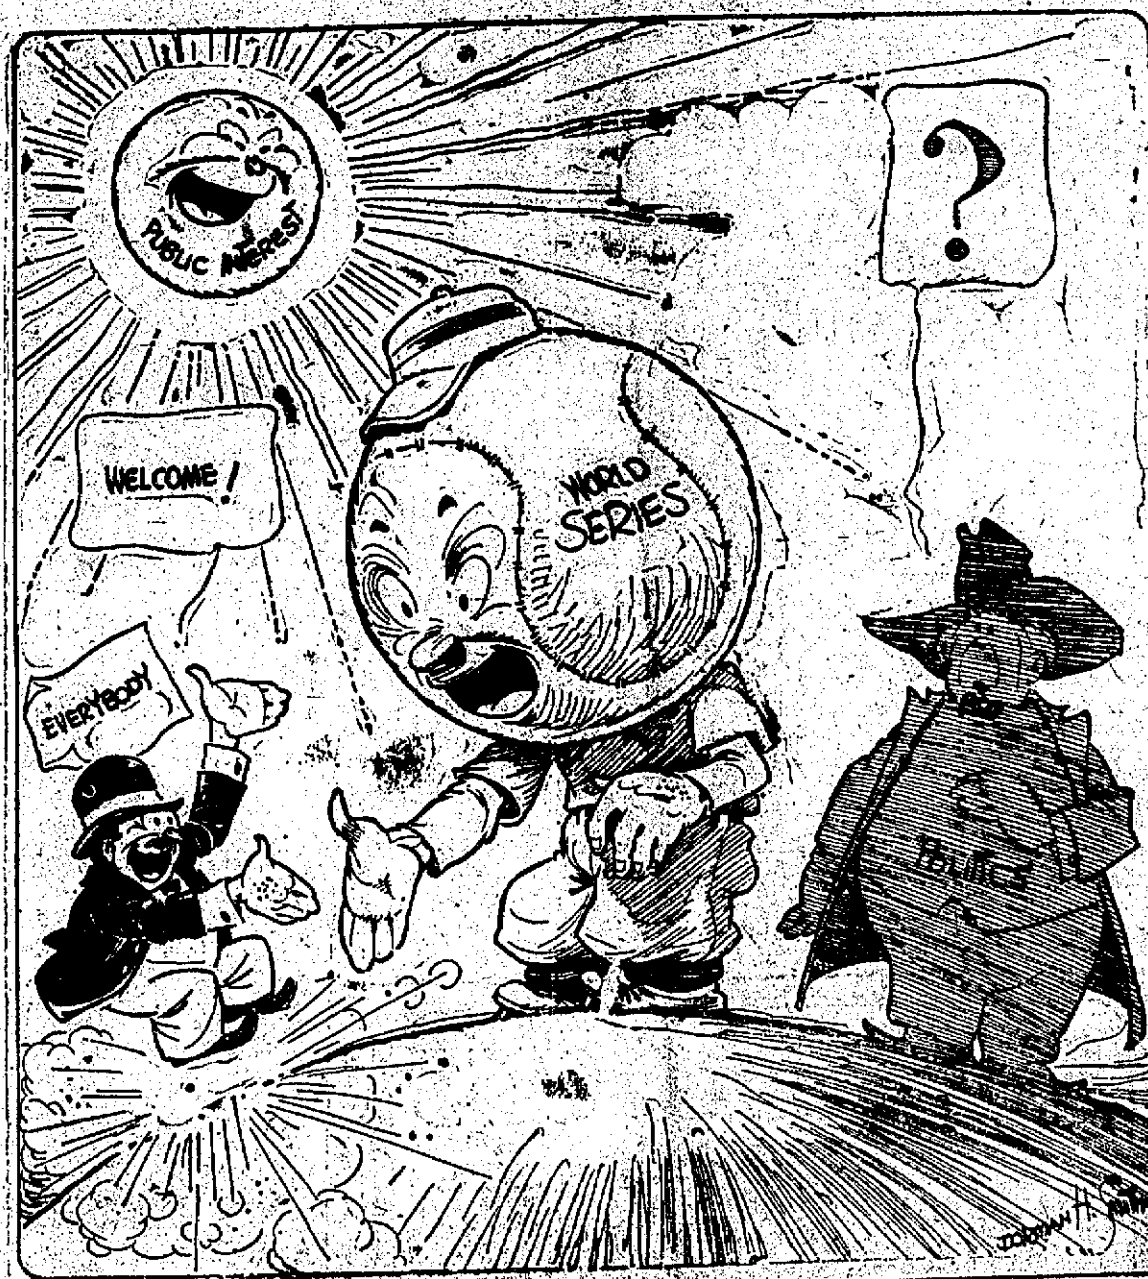

How It Happened

FIRST INNING: Giants. Lindstrom flied out to McNeely. Frisch attempted a bunt and fumbled, flying to Bluege. Young waited on a good one too long and was called out on strikes. Acted natural, objecting to ump's decision.

Senators. McNeely flied out on a high one to Wilson, hitting first ball pitched. Harris out; Jackson to Terry. Rice out on a foul to Lindstrom.

SECOND INNING: Giants. Kelly waited on three balls and had two strikes when he swatted one over the left field bleachers for a homer. Goslin

A PLEASANT OVERSHADOWING!

BANDITS WRECK
B. & O. FAST TRAIN,
KILLING ENGINEER

Aviston, Ill., Oct. 4 (INS).—Posses today were seeking bandits who last night caused a wreck of the fast Baltimore and Ohio mail train here. Engineer Van Olman was killed, fireman Purcell fatally injured and fifteen passengers badly injured.

Eight coaches of the train, which was reported to have been carrying a large shipment of currency went into the ditch.

A cut switch caused the wreck. Farmers nearby said they saw a number of men on the trunks at the scene of the wreck a few hours before the train came along.

The train was enroute from St. Louis to Washington, Indiana.

STEWART OF TYRONE
MOOSE CLUB SENT
UP FOR 60 DAYS

Hollidaysburg, Pa., Oct. 3.—J. D. Herzog, steward in charge of the Moose club at Tyrone when Sergeant E. Jimeousky made a recent raid there, declared he was only "filling in" for the regular steward but admitted he knew intoxicants were being sold there and that he sold them. Eight cases of beer were confiscated by Jimeousky and when a chemist examined the beverage it was found to contain 5.50 per cent of alcohol.

It was represented that perhaps Herzog did not know anything about the beer being for sale, but Judge Thomas J. Baldridge did not believe it was there as an ornament, so he directed that Herzog pay the costs, a fine of \$100 and go to jail for sixty days. On August 30 when Jimeousky made the raid, he also found a slot machine from which he extracted over \$200 which was turned over to the county treasurer. Sentence was suspended on that charge.

made a great try to get it but failed. Terry too was a good waiter and finally garnered a single over second. Wilson fanned. Jackson drew a walk. Johnson worked hard on Jackson but could not tempt him. Gowdy lined to Peckinpaugh who threw to Harris doubling Terry. One run, two hits, no errors.

Senators. Goslin out; Jackson to

HEALTH CONDITIONS FINE

Secretary Gaultin of the Board of Health in his weekly report says that for the week ending Friday evening but one case of mumps was reported to the Board for quarantine.

There are three cases of communicable disease under quarantine in the town at present, the other two being one each of scarlet and typhoid fever, neither of which was contracted in the town. The Board of Health is having tests made on the typhoid case. One negative test has been secured and if a similar report is had on the second test the quarantine will be lifted. The scarlet fever case will be released October 6th.

DAYTON AIR RACES
DESTINED TO SHOW

TRAVELLING BY AIR

By CARL L. TURNER

I. N. S. Staff Correspondent
Wilbur Wright Field, Dayton, Ohio, Oct. 3.—With the International Air Races well under way the Air Race Committee of the National Aeronautic Association today directed attention to the thousands of visitors to the real scientific value of the air classic.

"Because the air races draw such large crowds and thus assume the atmosphere of a huge circus," it was stated, "the serious purpose, underlying the entire program is for the greater part discarded."

"In reviewing the air race events with the factors of speed, efficiency, endurance, altitude and utility having respective value in deciding the winners,"

Terry, Jackson making a great stop of a hard hit ball over second. Judge gets a walk from Johnson. Bluege fanned. Peckinpaugh out on a fly to Wilson. No hits, no runs, no errors.

WOMAN AND YOUTH
GO ON TRIAL FOR
HUSBAND'S DEATH

Middleburg, Pa., Oct. 4. (INS).—

Mrs. Minnie Willow and her youthful lover, Ralph Shadle, just 17, will go on trial next Monday morning for the murder of Harvey Willow.

The pair are accused of making a "love pact" in which they decided to kill Willow in order that Mrs. Willow and Shadle could live together as man and wife.

Shadle confessed that he went out hunting with Willow on December 10 and that he fired two shots into Willow's heart. A tree nearby was riddled with shot and authorities first believed the shooting was accidental. However, District Attorney Miller was not satisfied and he ordered state police to conduct a search.

They learned that Shadle and Mrs. Willow had been on very intimate terms. For several months state police failed to get any evidence that pointed to the youthful farm hand as his employer's slayer.

But Shadle's actions were suspicious and state police ordered his arrest. He was taken to the jail at Middleburg where after several days confinement he called for the sheriff.

(Continued on Page 6.)

Cool, Cloudy Weather
Greeted Washingtonians
Early This Morning

Washington, Oct. 4. (INS).—Cool, cloudy weather, with a threat of rain in the air, was the weather dish served up for the opening game of the world's series today.

At 8 o'clock a heavy mist was hanging over the capital and the sun was nowhere in sight. The mist was so heavy it amounted almost to a drizzle.

Encouraging Republican
News From Maryland;
Coolidge Admired There

Washington, Oct. 3 (INS).—President Coolidge was told today by National Committeeman William P. C. Jackson, of Maryland, that the Republicans have "a good fighting chance" to carry the state in November. Jackson conferred with Coolidge over political conditions in the state. He told the President he believed LaFollette would injure Democratic chances in Maryland.

BROOKHART OUT IN
OPEN OPPOSITION
TO MR. COOLIDGE

Emmetsburg, Iowa, Oct. 3 (INS).—The charge of the Republican organization that his recent demand for the resignation of General Charles G. Dawes, vice presidential candidate, was "traitorous to the party" was answered here today by Senator Smith W. Brookhart, Iowa, in a scathing denunciation of President Coolidge and "the Republican machine."

He openly charged Coolidge with affiliation with "the Wall Street bloc" and with desertion of the basic principles of Republicanism as laid down by Lincoln and declared he would "re-form the lines for a final fight to oust Wall Street influence from the Republican party."

He declared the "Coolidge machine" (Continued on Page Five.)

'Red' Doom, Former Phil,
Intimates There Is More
To Be Told Of Baseball
Graft, Past And Present

Atlantic City, N. J., Oct. 3 (INS).—

Asserting that bribes were offered him four times while he was manager of the Philadelphia National League Baseball Club, Charles S. "Red" Dooin said today that he believed O'Connell and Dolan were merely "goats" for some one "higher up," in baseball's latest scandal. "Back in 1908 I was offered \$40,000 by a catcher on the New York Giants if I wouldn't play too hard," Dooin said. "The Giants were scheduled to play the Phillies at the end of the season, with New York and the Cubs were on practically even terms. The money was put in my lap while I was sitting in a train."

"In 1911 two magnates offered to make it worth my while if I would trade pitcher Earl Moore and outfielder Sherwood MacGee to a pennant contender near the close of the season," Dooin continued.

He did not discuss the other two bribery attempts.

Giant Players Demand
Ban Johnson Retract
His Bribery Statement

Washington, Oct. 4. (INS).—Fairly seething with resentment over veiled attacks made upon their integrity, following the Dolan-O'Connell expose, a committee of New York Giants waited upon Judge Landis last night with the intention of requesting him to force Ban Johnson to retract his statement that all members of the team were involved in the scandal. The committee, headed by Hi Gowdy, failed to get an audience with Landis because the commissioner was absent from his hotel at the time the players arrived.

CHURCH MEN OF ALL
DENOMINATIONS ARE
URGED TO EXERCISE
RIGHT OF SUFFRAGE

Washington, Oct. 4.—To register and vote one hundred per cent of their qualified members in the coming presidential election is the goal set before the pastors of the country by Dr. Worth M. Tippy, secretary of the Commission on Social Service of the Federal Council of Churches. The movement is non-partisan.

Pastors are given concrete things to do to get their members to vote in November in a statement issued today to the ministers of the country. "The value of the press in this 'Get Out the Vote' campaign is recognized in his message, which says in part:

"Pastors are asked to preach an election sermon on a Sunday preceding the registration day in their several states. This will be before October 12 in most states. There are exceptions as the registration period in a few states is now past.

"If voters do not register they cannot vote, therefore the election sermon must be preached before registration day and not on the Sunday before election day, or it will not be effective.

"Voters should be urged: 'a. To think through the issues (Continued on Page 8.)

Have Your Lamps All
Trimmed And Burning
Next Monday Evening

The free focusing demonstration to be held on Front street between Market and Locust streets Monday evening is attracting a great deal of attention from local motorists, all of whom are anxious to have their lights conform to the law. The demonstration will be in charge of W. J. Davies, an Altoona expert, who has the sanction of the State Highway Department for this test.

The screen upon which the lights will be focused will be located near Locust street and the car whose lights have been passed upon will then be able to turn into Locust street.

The local garages will have mechanics on the ground ready to make all necessary repairs or adjustments free of charge to the car owner.

The Red Cross Nursing
Service In Emergencies
Has Never Fallen Down

Clearfield Borough and County have been in the past singularly free from disasters or emergencies of any kind. But if they should come, we may feel reasonably well assured that the Red Cross will be a tower of strength and the Community Nursing Service right where it is needed, first and last. We have a very few illustrations of this that make good reading.

About two years ago Morrisdale had an epidemic of Typhoid fever. The cases multiplied so rapidly that it was necessary to take as many as could be accommodated to the Phillipsburg hospital.

Our own hospital was full and the nurses busy every minute. But cots were supplied and thirteen of the patients were brought from Morrisdale with Miss Lockhard, our Morrisdale Red Cross nurse, installed as night nurse. (Continued on Page Seven.)

THE SABBATH

"No age has ever been tempted to dissipation of its energies like this rich and complex age of ours," says Henry Churchill King, president of Oberlin College. "No age ever needed a more determined and thoughtful use of its Sundays. Even for simply deferring old age, it is well for one day of the week to rid the mind of lesser cares and keep the soul open to the uplifting and refreshing tides of life."

This may be, after all, the best argument there is for old-fashioned Sunday observance. The Sabbath was meant to be literal: "a day of rest."

There is a story of a pioneer who a century or more ago traveled west from New England, in an ox cart, to settle in the Middle West. It was a long, hard journey, and the other people in the caravan were eager to get ahead. So they kept right on, over Sunday. This particular pioneer declared that he would neither labor himself nor make his ox labor on the Sabbath, so he always made camp on Saturday night and did not start again 'til Monday morning. And he was the first to reach the new land.

If that pioneer were living today, he might be beating his competitors in business or professional work or art, by the same procedure, not only winning in the race, but preserving his peace of mind.

FIRST AID TO GENIUS

An organization known as the Associated Industries sent out a committee to search the factories of New England for hidden genius. The committee worked for 18 months, and then it presented 20 young men and women as showing "unusual promise."

These 20 were then given certain hard tests by a group of Harvard professors. Their ranks were thinned to six—five boys and a young woman 24 years old. The six were then taken to Harvard for further exacting tests. All of them rated Class A, but the young woman scored highest in personality and intelligence, so she was chosen for the rest of the experiment.

Shee has had a lifelong ambition to study medicine and to specialize in children's diseases, and this the committee will give her an opportunity to do.

It will be interesting to know the outcome of the experiment a few years hence—whether the committee's judgment is correct and whether the young woman's ambition has survived strenuous course of studies she will have to pursue before she can even begin to specialize in her favorite line. If she comes through successfully, becomes a great physician and an authority on children's diseases, contributing, perhaps, some successful original research work to that field, then the experimenters will undoubtedly feel that they have pointed the way to rescuing other hidden genius from the circumstances which have suppressed it.

In the meantime one cannot help feeling an interest in the future course of the 19 boys and girls who were found to have "unusual promise" but who just failed to qualify for this particular experiment. Will they go back to those New England factories and again become hidden geniuses? Or will they take a fresh start on the basis of the Harvard tests and follow some new activity to fine fruition? Or, again, will they return to the factories and, resuming their former jobs, rise from them to fine achievement as inventors or executives or leaders of some sort?

To be wholly successful, the committee or its backers should follow the careers of all 20 of these young people for at least 10 more years.

Saving in a Habit

Sometimes it is harder to save than at other times.

In the long run the amount you can save out of each pay is not so important as the cultivation of the habit of saving regularly.

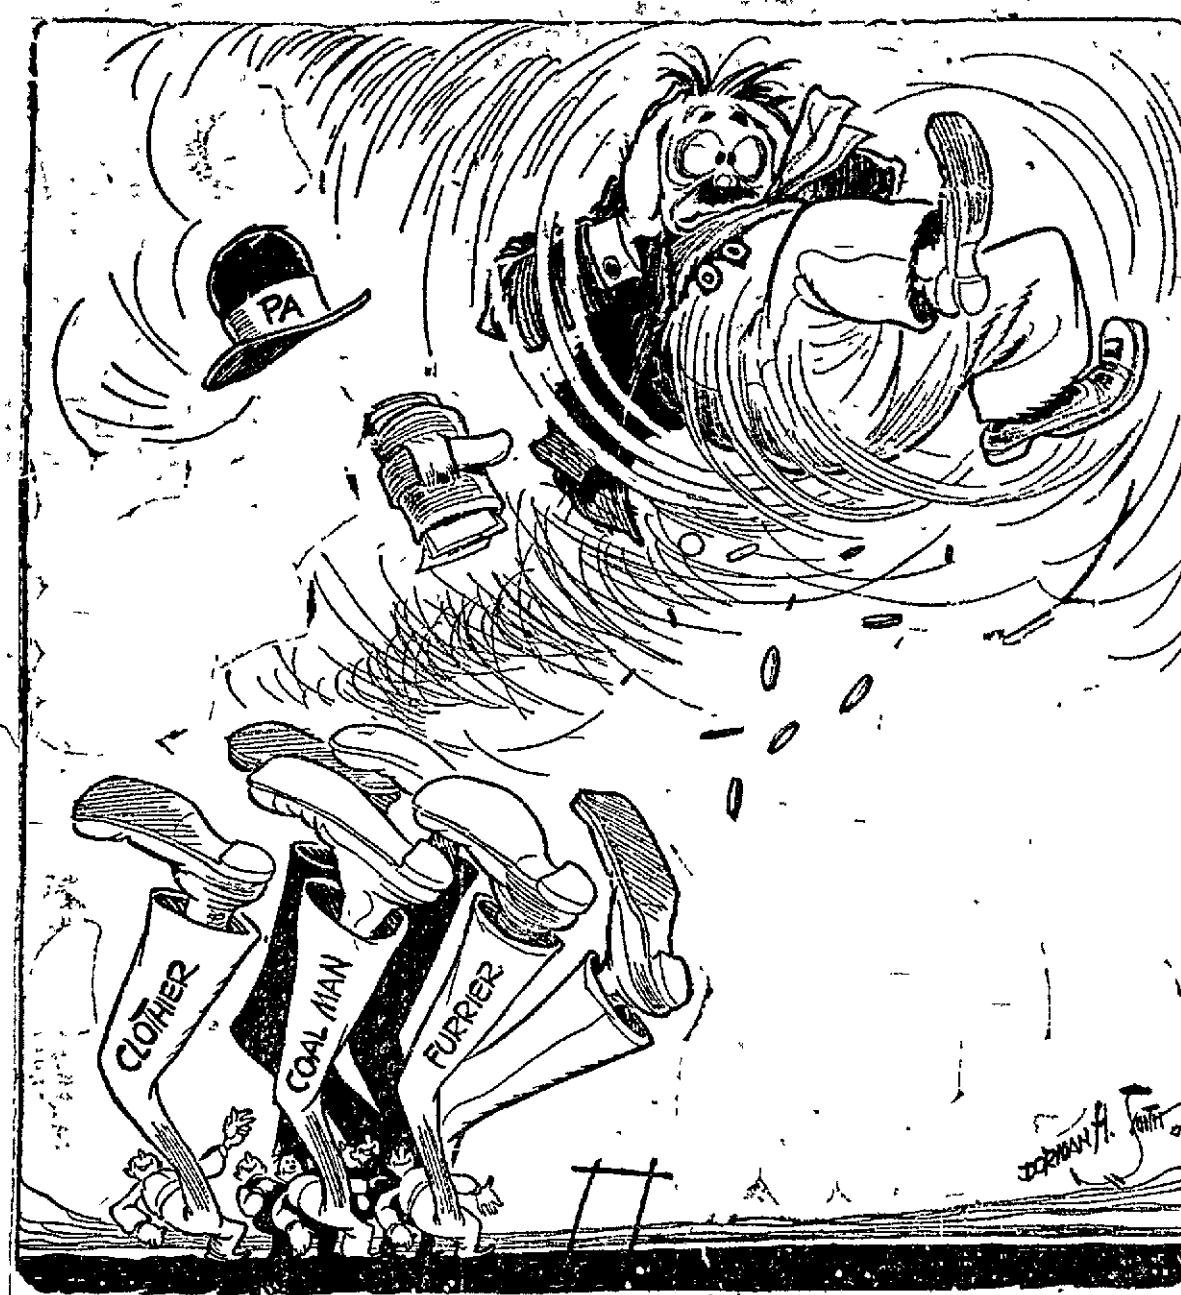

It is as easy to form good habits as to form bad ones. If you have the saving habit you find it easy to save. If not let us help you get the habit.

We will accept deposits in any amount and will pay you 3% interest compounded every six months on your savings account.

A TIME TO SAVE AND A TIME TO SPEND

By FLORENCE DAVIES

"I lost an hour this morning," said my level-headed friend, "and if I believed in taking more time to regret my mistakes, which I don't, it would have haunted me all day."

"What's worse," she continued, "I lost it trying to save five cents. You know our way the suburban cars run once an hour. We are just one step beyond the fare zone. I thought I had any quantity of time, so I decided to walk down the road to the zone stop, only a few yards ahead, and save a nickel."

"My watch must have been a bit slow. I was half way between the two when the car came along. The trees hid it so I tried to think it was a baggage car or, something. But it was the regular, every day 8:40, and I sat there and waited for the 9:40. Nothing to read, either, and I had started early because I had so much to do in town."

"An expensive bit of saving, but early thrift lessons will persist," I commented.

"They do indeed," she agreed, "and in the long run they mean wisdom, of time or strength."

but it's old Aunt Mchitabel that crops out in me to my sorrow. Every once in a while she raises up in me and tells me to save a few measly pennies by using something that ought to have been thrown out long ago, or going without something that I really need. The last chalk talk that I gave before the Club Aunt Mchitabel protested against my buying new crayons when I had a collection of shot ends. Result, the pieces broke and crumbled and my talk was half spoiled.

"Aunt Mchitabel lived on a little rocky New England farm where every penny meant toil, and saving was one of the necessities of life. I hope she's having a soft time of it now to make up for the hardship she went through when she was here on earth. But I'm resolved I won't listen to her economy urges after this."

"You know the new psychology teaches us to spend, wisely of course, but generously, in faith that more will come to supply all our real needs," I suggested.

"And it works," said my friend. "That is why I scold myself when old habit and tradition push me into some little 'nearness' that turns out to be not economy at all, but real waste in the long run they mean wisdom, of time or strength."

RED MEN PLANNING
BIG BOOSTER MEET
TUESDAY EVENING

Chinlacumose Tribe of Red Men is making great preparations for the big booster meeting and smoker to be held in their rooms in the Mechanic's Building on Nichols street on Tuesday evening, October 6th. There will be no cats served at this affair, but there will be lots doing all the time and even the hungry "redskins" should attend.

An interesting program has been prepared for the occasion, the "top-liners" on which will be Great Sachem McQuaite, of Reading, and Great Junior Sagamore Benton, of Williamsport.

Slim Brenneman and his band will furnish the music for the evening. Every Redman in or near Clearfield on Tuesday evening is invited to attend this meeting and all members of the local Tribe are especially urged to be present as they will hear much to their advantage.

TODAY'S FOOTBALL GAMES

High School grid iron warriors throughout this section will come to grips on the greenward today as follows:

Meyersdale at Johnstown
Huntingdon at Lock Haven
Hollidaysburg at Altoona
Phillipsburg at Curwensville
Punxs at Clearfield
Punxs Catholic High at St. Catherine's, DuBois.

EDITOR DIES OF ANTHRAX

Wellsboro, Pa., Oct. 2.—Leon B. Cameron, editor of the Wellsboro Gazette, died today at his home here following a five-day illness of anthrax, believed to have been contracted from the use of a new shaving brush. He was taken to the Blossburg hospital for an operation on Monday, but he was brought back to his home on Tuesday.

He was the son of Mr. and Mrs. David E. Cameron. He leaves his widow and two sons.

(Anthrax is an infectious disease of animals, which occasionally affects humans through direct inoculation.)

DAVID ROOP, FORMER
RESIDENT DIES AT AKRON

Word was received here this morning of the death of a former resident David Roop, at Akron, Ohio. Mr. Roop had been in failing health for the past couple of years.

He is survived by his widow, two sons, Tasker at home and Thomas, of Canal Fulton, Ohio, and a daughter, Mrs. Willard Jenoir, of Akron.

The funeral will be held from the late residence of the deceased Monday October 6th. Interment at Akron.

J. W. Gearhart, of Blue Ball, was a juror this week and left for home today determined to oil up his shot gun and tune up his rabbit hound in readiness for the approaching hunting season.

Mrs. J. W. Flegel and daughter Marie returned home last evening from Wilmington, Del., where they were delegates to a Foreign Missionary Convention.

CELEBRATED GOLDEN WEDDING

Mr. and Mrs. William Harley, former residents of Curwensville, but who have been living on Hillsdale, just outside the Clearfield borough line for the past fifteen or more years, celebrated their 50th or Golden Wedding anniversary at their home on Wednesday last. Forty-three of their friends and neighbors assisted Mr. and Mrs. Harley in celebrating the happy event and a delightful time was had by all.

Mr. and Mrs. Harley were married at Williamsport on October 1, 1874, and have spent all their half century together in this section, where they have a host of friends who unite in wishing them many happy returns of their wedding anniversary. They were the recipients of many handsome presents.

"Those present from out of town were: Mrs. L. Ashton, of Renova; Mrs. Abe Metzler, of Williamsport; Mrs. Henry Markert, of Ridgway; Mrs. Cal Snyder, of St. Mary's; Mrs. Cal McDowell and Mrs. Cliff Morrison of Emporium; Miss Gertrude Markert, of Beechwood; Mr. and Mrs. Whitmer Browne, Mr. and Mrs. Kline Farwell, Mrs. Clara Hance, Mrs. Samuel Moore, Mr. and Mrs. Ed Harley, all of Curwensville.

Rev. G. R. Alban went to Tyrone to preach a funeral sermon yesterday, Mrs. Alban, daughter Catherine, Miss Emma Taylor and Austin Yeager motored over to Tyrone and brought Rev. Alban home last evening.

CHARGES AGAINST
PITTSBURGH POLICE
USING THIRD DEGREE
NOT SUBSTANTIATED

Pittsburgh, Pa., Oct. 3 (INS)—The six men who accused policemen in the North Side police station of beating them to extort confessions, told false stories to cover up the beating; they received in a private parlor, Superintendent of Police Edward J. Brophy declared this afternoon following a full investigation of the charges.

The sextet engaged in a brawl following a drinking party, and received cuts and injuries in the fight which they later charged were inflicted by policemen in a "third degree" grilling.

Only one policeman has been directly charged with the beating, Brophy said, and these charges have been preferred by Edward Hamilton, assistant county law librarian.

Brophy asserted Hamilton was not certain the man named was the one who beat him.

POPULAR CLUB HAS
DELIGHTFUL MEETING

Sixty-five members and guests attended the regular semi-monthly meeting of the T. O. C. Club at Idora last evening. A specially pleasing evening's entertainment had been prepared by the committee in charge and everyone present enjoyed the occasion to the limit. Dancing and games were the chief diversissements. Excellent music was furnished by an instrumental trio.

Selecting the Proper
Stationery to Carry
Your Message

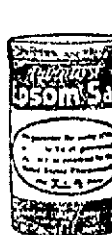

involves many nice problems, such as weight, finish, shape, color, etc. Each of these qualities is important, because together they form the general effect by which persons of discriminating taste aim to make the messenger and the message harmonize.

Here at The Rexall Store we pride ourselves on being able to meet practically any correspondence problem you may encounter—the general letter, the informal note, the message of congratulation, acceptance, regret or condolence, the vacation letter, the formal announcement or invitation.

Let us help you select a well-rounded assortment to meet your individual needs.

Puretest
Epsom Salt

is the easiest to take of all Epsom Salts because it is absolutely free from all impurities and therefore contains no trace of bitterness.

A wonderful cathartic, especially for middle-aged and elderly people who suffer from auto-intoxication.

For those mean digestive disturbances and the accompanying headaches, take two teaspoonfuls of Puretest Epsom Salt, dissolved in a glass of cold water.

You will experience almost immediate relief.

Yes True
Aspirin

Puretest Aspirin Tablets are made from true Aspirin and are manufactured under the highest standards of quality. They disintegrate rapidly and act promptly.

We recommend Puretest Aspirin Tablets for the relief of pain, headaches, colds, neuralgia pains, etc. We guarantee them to give satisfaction.

Handy metal boxes for the pocket and big economical bottles of 100 tablets for the medicine cabinet.

Cara Nome
Packages

with their beautiful pale blue and gray tints, carry an individuality which makes them appreciated by women of refinement everywhere.

Every Cara Nome Toilet requisite breathes forth an exquisite odor of rare delicacy and subtle charm like the fresh woodland fragrances in early blossom time.

Rexall

Rubbing Oil
Will Limber You Up

Athletes use it regularly for stiff muscles and joints. It's great for bruises, sprains, strains, cuts, insect bites, soreness of muscles and joints, chilblains, chapped hands, lame and weak backs, subacute and chronic rheumatism, gout and lumbago, neuralgic pains and sciatica.

Face Powder
Compact Juneve

blend with the complexion perfectly, giving the skin a soft, delightful bloom without any suggestion of a made-up look.

These dainty requisites are beautifully packaged in metal boxes with characteristic blue and gold Juneve decoration. There are two sizes—one for the purse and a larger one for the hand bag or dresser.

The Juneve perfume in these compacts is sweet and dainty, yet very lasting.

Junveve Cold Cream

is an ideal cleansing cream for the skin on dopes. It is pure white, smooth, and of the highest possible quality. Use it to remove dust and grime from the pores.

Like all Juneve Beauty Aids, this cold cream is perfumed with an alluring fragrance which is sweet and dainty, yet very lasting.

Beautiful screw-cap white opal jar with characteristic Juneve decoration. An ornament on the dresser.

BROOKHART IN OPEN OPPOSITION TO PRES.

(Continued from Page One)

had snubbed the party in Iowa and had insulted him, ignoring the requests of the 200,000 voters who nominated him.

"Issue has now arisen in Iowa" he declared, "as to whether the principles of the Republican party shall be determined by the voters or by a small group of crooked and irresponsible dictators set up by the non-partisan league of Wall Street."

"I have never thought of leaving the party. My whole soul is wrapped up in the principles of Lincoln, Roosevelt and Kenyon. On the other hand, I will fight with all my strength against that false and corrupt conception that crept into the party under the leadership of Hanna, Penrose and Newberry."

"I have said I would do as much for Coolidge as he would do for me and the voters are entitled to know what we have done for each other and to each other."

"The Coolidge newspapers over the State, with a few exceptions have belted me and continue to denounce me and my platform as approved by the voters."

"The Coolidge committees have announced publicly that they would not use me in the campaign and when I left for Camp Perry the chairman expressed the hope that I would not

Time To Take Awnings Down

The wet weather of Fall is here and the less your awnings are out in it the better for them. Let us take them down and store them in a clean, dry place so that we will have them ready for you when the first warm days come next spring.

A. LEA HESS
H. & C. Phone 250-W.

Heating Stove Specials!

In order to quickly reduce our stock of Heating Stoves we offer the following—while the present stock lasts:

\$75.00 ESTATE HOT STORMS \$63.75
\$85.00 ESTATE HOT STORMS \$72.25
\$95.00 ESTATE HOT STORMS \$80.75

Estate HOT STORM

is a stove and furnace combined—two heating systems in one. It heats by radiation, as does any ordinary stove. At the same time, without requiring the use of an extra ounce of fuel, it generates and circulates a great volume of sterilized warm air on exactly the same principle as a pipeless furnace.

This results in an amazing saving in fuel—a saving so great that your Estate Hot Storm will pay for itself in a few seasons. And after that it will pay you.

Estate Hot Storms are made by the same people who make the famous Heatrola (which heats 5 to 7 rooms). The Hot Storms are constructed on the same principle and work the same way—the extended appearance being the only difference.

If you have 3 to 5 rooms to heat here is an opportunity for an efficient heater at a substantial saving and RIGHT AT THE BEGINNING OF THE HEATING SEASON.

THREE DEAD IN CRASH OF AUTO INTO POLE

Kearney, N. J., Oct. 4 (INS).—Two men and a woman are dead and two women were in the hospital here today as the result of their automobile crashing into a telegraph pole.

The dead are Mathilda McHale, 21, of Newark, N. J.; G. J. Shean, 27, Pittsburgh, Pa.; and Thomas Galvin, 24, Trenton, N. J.

Catherine McHale, 23, sister of the dead woman, suffered a fractured skull, Margaret Hacker, 22, Irving-

ton, N. J., lacerations of the skull. Bernard McGuire, 26, driver of the car, was under arrest.

The automobile party was returning from a dance. The machine was reported by police to be going forty-five miles an hour when it hit the pole.

HAD HIS NOSE BADLY CUT

Edward Maines, of Woodland, is going about this morning with his "nose in a sling," so to speak, as a result of painful injuries received last

night about 12 o'clock when the Ford car in which he was riding collided with a Franklin car which is said to have been from Brookwayville.

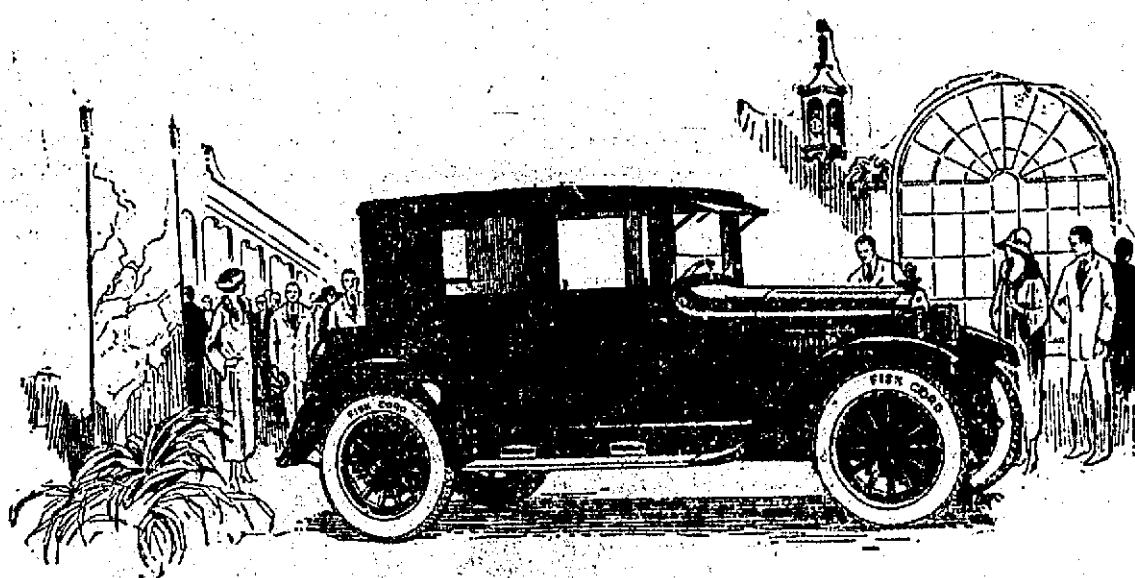

Joe Komoricek, also of Woodland, was driving the car in which Maines was riding. They were just coming out of the Riverview bridge, traveling toward town, as the other car attempted to enter the bridge and the two machines ran together.

Both cars were pretty badly used up, but Maines was the only person injured. His nose, which was badly cut, was fixed up by Dr. Yeane.

No Vibration At Any Engine Speed

Willys-Knight with Lanchester Balancer ushers in a new day of enjoyable motoring.

The Willys-Knight is a revelation to motorists. It gives them a new conception of riding ease, a velvet smoothness of operation that surprises and delights.

Much was expected of the car. The ten years it has been in production have been years of progressive leadership. Willys-Knight conquered noise with its quiet sleeve-valve engine, conquered engine deterioration, conquered carbon and valve trouble, conquered the problems of lubrication, clutch,

steering and every detail of mechanical construction. It seemed to approach the pinnacle of possibility.

But Willys-Knight still advances. This year it tops its record with another triumph—it solves the universal problem of engine vibration. The Lanchester Balancer, which eliminates vibration, introduces car owners to a new comfort and pleasure in driving.

The Willys-Knight with Lanchester Balancer awaits your inspection.

102-MISC. LEGAL

COMMISSIONER'S NOTICE
In the Court of Common Pleas of Clearfield County, Pa.
And: A. Zell vs. Edward J. Zell.
No. 106, December Term, 1923.
To Edward J. Zell, Respondent above named:

You are hereby notified that the undersigned, having been appointed by the Court aforesaid, as Commissioner in Divorce, for the purpose of hearing witnesses in said case, and to make a report and form of decree thereon, hereby gives notice that he will sit for the purpose of his appointment on Friday the 24th day of October, 1924, at the hour of 10:00 o'clock a. m. at the offices of Arnold & Platt, in the Keystone Building, in the Borough of Clearfield, when and where you may attend if you see proper.

JOHN C. ARNOLD,
Commissioner. 9/26 10/3/24ch

EXECUTOR'S NOTICE

Jacob K. Pearce, Est., late of Clearfield Borough, deceased.
Notice is hereby given that letters testamentary in the above named estate, have been granted to the undersigned, to whom all persons owing said estate are requested to make payment, and those having claims or demands against it to make known the same without delay.

Mrs. Margaret Ward, Executrix.
Robert D. Pearce, Executor. 9/31/24 10/27 10/4/24ch

WOODLAND

The County Fair at Clearfield evidently did not interfere with the workings of the Stork who visited the home of Mr. and Mrs. Guy Stevens on Thursday, leaving a fine baby son; and the home of Mr. and Mrs. Wilbur Cowder, leaving them a daughter.

Mrs. Allen Hurling and baby of Barrett visited on Monday at the home of the former's parents Mr. and Mrs. Richard Pike.

Mrs. Ashley Duke was a Clearfield visitor on Tuesday.

Miss Violet Falconer is now a member of the Vulcan Trading Co. store force succeeding Mrs. Bernice Longin.

Mrs. H. O. Barger and Mrs. Reed Barger spent Friday afternoon with relatives in Bigler.

Mrs. Clara Stewart is spending the week-end with friends in Winburne.

Our Baseball Boys have become so enthused with the game that they had to go to Oscola last Sunday afternoon and play a game. We wonder what next they are going to do.

Work in the Woodland Brick Works

It Happens Every Day

Jackie Coogan has gone to Russia, which is a awful place for any little boy who likes to eat.

London's matchmaker is dead. He struck 40 matches a minute during working hours. Many pipe-smokers beat that record.

Robbers entered two help yourself stores in New York and helped themselves to the safes.

The Courts

ney Clarence Kramer, of the defense in the Hall case, yesterday filed an appeal for a new trial for Ralph, husband of Mrs. Alameda Hall, tually abducted Billy Parker, as given from 3 1/2 to 7 years inpenitentiary after being convicted the crime. The new trial is based on the allegation that the error in permitting the jury to see after selection and before its verdict was rendered; also in permitting cross-examination of Hall regarding his previous conviction in an attempt for counterfeiting; in refuting challenges of jurors by the defense, and that part of his plea in which he defined "reasonableness." Error is also alleged in big the jury back into open court for instructions, as they required without the knowledge of the court or opportunity on his part to object to the instructions given. A new trial will be had on the application at a later date.

John Blazis, of DuBois, on her plea guilty to a minor violation of the law, was sentenced to pay the fine within 60 days on condition that she leave the county within 15 days.

Jaret Gruska, of DuBois, was fined \$200 and costs and 10 days in jail for plea of guilty to violating the law.

Mr. Grow, another DuBois bootlegger was given opportunity to answer during a four months term in jail which Judge Chase rendered with a fine of \$300 and costs.

Mr. Baerlair and Lize Bictair, of Atlantic section, admitted having sold a little moonshine and were sentenced to pay \$300 fine and costs and 4 months in jail.

Mr. Zamm, man of DuBois, violated the liquor law, will pay \$300 fine and costs and get his mail at the county jail for the next four months.

Mr. Kuchner, a Winburne man, who was found, was unaccounted for as to where he was, was sentenced to pay a fine of \$25 and costs.

Mr. Wilkerson, of Bigler township, who was given a sentence of four months in the county jail for violating the liquor law, was removed to the Clearfield hospital for treatment of madly infected eye, which developed during his imprisonment. The order for Wilkerson's removal to the hospital was made by Judge Chase on application of Jail Physician Dr. A. D. Cowdick and request that the prisoner be returned to jail to serve out his sentence after hospital treatment.

Mr. Annie Bunzer, who, the neighborhood, is a real "hell raiser" down at Winburne, was fined \$25 on a charge of the peace charge brought by Peter Kuchner, whom the lady had arrested for assault and battery. She

was also required to give bond in the sum of \$500 to keep the peace and was given 60 days in which to pay fine and costs and file her bond. Failing that a bench warrant will be awarded and she will be called in and further sentence imposed.

Joe Baryshefski and his wife, who hail from the DuBois section, entered pleas of guilty to violation of the liquor law and Judge Chase sentenced each to pay a fine of \$300 and costs and serve two years in the Clearfield county jail. The sentence is to take effect October 20th providing the Baryshefskis are found at that time within the confines of either Clearfield, Jefferson or Centre counties.

Frank Baylin or Baylin, proprietor of the Smoke Run hotel, who had been before the Clearfield county court before for violating the liquor law, again entered a plea of guilty to possessing liquor found at his place on a recent raid by state police and constables. He was sentenced to pay \$300 fine and costs and serve four months in jail.

Ed Baylin, son of Frank, who was acting as bartender for his father, also entered a plea of guilty to both possession and sale and was sentenced to pay \$300 and costs and serve ten months in jail.

80 Ill Near Syracuse From Drinking Water In Spring Which Someone Poisoned

Syracuse, N. Y., Oct. 4. (INS.)—A wholesale attempt to wipe out a neighborhood through poison placed in a spring, was the theory followed by police and health authorities to day as they investigated the illness, within two days, of 80 persons, members of twenty families, at Onondaga Valley, a suburb. An analysis was ordered of water from the suspected poison spring.

W. L. Cliff, one of those stricken, said the lock to the spring house had been broken open.

From the symptoms of those ill, physicians believe Clostridium or Jalap was placed in the spring.

Found Posing Relaxation President McKinley never found posing for his portraits as some, but said it was a period of relaxation.

Hallowe'en's On The Road

The next holiday and festive occasion is Hallowe'en and you'll want to start planning your parties and the needed accessories therefor are all ready for you here.

You'll find that we have gathered some of the finest things the makers produced and the things which will add much to the gaiety of the party.

KUTZ Stationery Store, CLEARFIELD, PA.

The Red Cross

(Continued from Page One.)

nurse. She cared for these cases for two weeks.

In the summer of 1922 a call of distress came from Karthaus where the community was suffering from a scourge of Typhoid fever. Our Red Cross nurse responded, and took care of a family of four day and night for nearly two weeks, doing everything that was required in that home.

On November 6, 1922, word came at 9:30 a. m. of the terrible explosion in the mines at Spangler, Cambria county. Within thirty minutes, Miss Withrow, Miss Ross and Miss Lockard, who happened to be in Clearfield that morning, were ready, with all equipment for first aid work, and two automobiles were ready at the door to take them to the scene of disaster. Their services were not required however, as word came that a special train with supplies and twenty five nurses was on the way from Pittsburgh Chapter A. R. C.

But the illustration serves to show what the Service can and will do in an emergency.

During the diphtheria epidemic at the Paoli School last winter, our nurses assisted the physicians in taking cultures of the pupils' throats.

And when we had the small pox scare last spring, these same nurses stood by the physicians to help vaccinate the pupils of High and Junior High schools.

In emergency, disaster or epidemic, whether in Clearfield or communities of the Clearfield Chapter, the Red Cross Nursing Service always lives up to the motto: "I save."

Pastors of churches and presidents of all clubs and lodges, are requested to appoint at least two representatives from each church or organization and have them present at a meeting Wednesday evening October 8th, at 8:30, in Red Cross headquarters. Purpose, to discuss the manner of meeting the need of funds to carry on our Community Nursing Service.

Dayton Air Races To Show Advance

(Continued from Page One.)

ner we call to mind that these things have a definite scientific value.

"It is great sport to observe the diminutive speed planes plunging along through space at four miles a minute but in time of war the 'pursuit' plane is regarded with much deeper significance than is merely a speed entry."

Explaining that many strictly novel stunts are included in the air race program for the entertaining value, the race committee pointed out that in chartering the main course of events, the contest committee was guided by underlying factors of practical science.

Four competitive events were on the program today besides a continuation of the air carnival, which was highly praised by the 12,000 spectators the opening day.

Eight planes were entered in the Dayton Daily News trophy race, designed especially to promote interest in the development of the light, or "flier" type planes. None of the planes in this race could develop more than twenty horsepower, not greater than that of the average automobile.

Only civilians were permitted to take part in the "flier" race, which was to be run off over a twenty-five mile course. Prizes, totaled \$3,250 in Liberty Bonds.

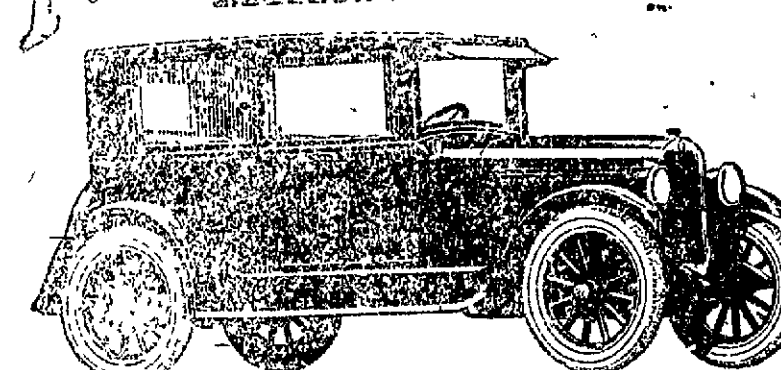

Eight flyers, all army men, have

About the easiest thing you can do these days is catch cold. We have a cold remedy that will break up the starting cold or the good-going cold.

Hunter's Drug Store Opposite the Post Office And Just As Reliable.

A Warm Answer To A Cold House

Conceded the Best There Is—Guaranteed to Heat Every Room Comfortably—Your Home Must Receive the O. K. of Round Oak Heating Engineers Before You Can Buy—Installed According to Their Plans Specially Drawn After a Study of Your Problems—No Extra Charge for This Service—Will Save Its Cost in Fuel in the Future Years of Service—Built of Heavy Oversize Parts to Serve You a Generation or More—Investigate!

The Round Oak Ironbilt Furnace is made by the famous Round Oak Folks, who for half a century have made good goods only. It is built to cost, in the long run, less than any other system at any price. Big, heavy, oversize parts of sturdiest metals, joined permanently tight by a patented method, insure low upkeep, low fuel consumption, and freedom from the escape of dust, gas or soot into the house over a generation or more of time. It circulates throughout all rooms an abundance of healthfully moist, clean warmth as it withdraws the cold air out of the rooms.

ROUND OAK PIPELESS HEATING SYSTEM

It is installed only after the Round Oak Heating Engineers have examined a plan of your home, approved your home as suitable and have prepared special plans for the location of the furnace and registers. Satisfaction is not only thus assured you—satisfaction is GUARANTEED you. On milder days a little fuel will in ten or fifteen minutes completely remove the chill without over-heating. On bitterest cold days your house will quickly become warm and stay as warm and balmy as it is outdoors on an ideal summer day.

Thousands of owners of homes which have long been heated by Round Oak Ironbilt Furnaces testify to these facts. Why let your family shiver in discomfort and endure colds and sickness due to inefficient heating—why waste costly fuel up your chimney—why stand for the fuss and constant nursing of a fire that never gives you the comfort it should—why tolerate a worn-out heating plant that fills the home with gas and dirt.

OTHELLO RANGES

The OTHELLO is the perfect range, because every part and principle is the result of test and elimination.

But aside from the mechanical principles, did you ever stop to consider the features that govern a woman, in making her choice of a Range? They are refined simplicity, ease of operation, and durability—good service.

There are over 300,000 housekeepers using the OTHELLO Range today. When the great number of rival cooking Ranges is considered—there certainly must be a reason.

The advent of Porcelain Enamel, as applied to cooking apparatus, has rescued the lowly range from its dark corner of the Kitchen to a "place in the Sun".

SUNSHINE AIRTIGHT DOUBLE HEATERS

The SUNSHINE AIRTIGHT Double Heaters are first: things of beauty; second: the most efficient heating stoves on the market today; third: made to last for years.

The bright colors which are used (black, blue, brown and green) will hold their lustre as long as the stove lasts. The fire-pots are so constructed that you get every ounce of heat out of the coal. The materials used are the best that can be obtained for stove making.

We'll be glad to show you the various models and sizes.

When Industry Prospers, Labor Thrives

EVERY artery of our economic life is now pulsating with the throbs of Prosperity. Francis I. Jones, Director General of the Federal Employment Service says: "Business conditions have Improved to the extent that it is easier to get a job right now than at any time this year. The Pittsburgh Steel Co. has given employment to 6000 additional hands; Fall River reports that seven mills of the American Printing Co. have gone back to full time work; Ashville, N. C., the cotton weaving center, reports the demand for unskilled labor cannot be met.

Elbert H. Gary states that the U. S. Steel Corporation is spending five million dollars a month for the balance of the year in extensions and improvements necessary to take care of the orders for railroad and building equipment.

America's prosperity is your prosperity if you will grasp your opportunities and do your share in making opportunities for others.

WEEKLY MARKET REVIEW

By W. S. COUSINS
I. N. S. Financial Editor

New York, Oct. 4.—Interest was divided against the stock market to the grain and cotton market this week by reason of the spectacular jump in prices of wheat, corn, rye, barley and cotton in the New York and Chicago exchanges. Rarely in the history of the grain markets have such simultaneous advances occurred as those of Thursday in which rye jumped 7 to 8 cents a bushel, wheat to a mere high, oats 2½¢ and corn 4 cents, while cotton was adding 100 points or one cent a pound to its market price. In ten days rye has gained 25½ cents a bushel, while wheat is up 15 cents and corn 13 and barley 8½. Reflecting not so much a shortage of American production as an enormous demand from foreign markets to meet the shrinkage of European crops.

On the stock exchange the movements of prices was in narrow range, and governed almost exclusively by the activities of professional traders. The bears, who have been confining their market attacks on the industrial leaders since the middle of September launched a broadside against the whole market on Monday.

Industrial developments of the week were favorable on the whole. Car loadings in high volume evidenced the gradual increase in the exchange of commodities throughout the country, a fact which was further substantiated by the increase in bank clearings. Steel Mills showed an increase in current operations notwithstanding that some confusion still exists over steel prices. Gasoline prices were cut to the bone, but crude oil production showed evidence of coming under control.

Time money markets were steady, call loans still showing the effects of the October settlements. Railroads

reflected a boost from the action of the directors of the St. Louis and San Francisco in placing the preferred stock on a six per cent dividend basis and in hinting that the common will receive similar attention in the near future. The preferred stock jumped 6½ points on the announcement, but was unable to hold all this gain. Lehigh Valley made a splendid gain this week with hardly any reaction, and a number of active rails like Missouri Pacific, common, and preferred, sold at new high price levels for the year to date. Merger stocks were conspicuously inactive.

United States steel moved upward in contrast to the market action of the independent Steels which were generally unsteady in reflection of the uncertainty in effects of the abandonment of the Pittsburgh-plus price raising system. Pool specialists resisted the efforts of bearish speculators to repress their prices, but made no new excursions into high price territory with the exception of cast iron pipe. Copper stocks were sold at recessions in the first part of the week. Sugars were strong on

the better trend of the refined markets. Trading declined in volume in the latter part of the week and the total turnover of stock showed a considerable shrinkage as compared with the previous week.

New York, Oct. 4.—The stock market was dull and irregular in the early trading today, and inclined to continue the decline in stock prices which featured the close of the previous session. The industrial leaders were all down from a fraction to a full point at the opening, while railroad shares were mixed in their movements, recoveries taking place in many of the active stocks.

Selling pressure relaxed before the end of the first hour, however, and the market appeared to be in a sold but condition.

Pittsburgh, Oct. 4. (INS.)—Allegheny workhouse officials are still dragging the Allegheny river for Frank Gerdmann, 35, of Allegheny county, a trustee of the Institute who is said to have attempted to save Amanda Gerdmann, three, from drowning near the pumping station of the workhouse. Gerdmann was canoeing at the time and the canoe upset. Gerdmann, who had served all but 20 days of a three year sentence on a perjury charge, could not swim and it is believed he drowned.

Curwensville's
Cown Column

This afternoon the C. H. S. football squad will try measures out with the Phillipsburg business. The C. H. S. fellows are confident of adding another victory to their record of this season.

Lew G. Vaughn has resigned the managership of the Yellow Front store. A new man has not as yet been assigned to that position but a new manager will probably take hold on Monday.

Wednesday night two fellows came together on Filbert street with autos. A young man standing on the corner in front of the Park House was hit on the head by a piece of a flying spring, cutting a small gash in his head.

The latest report of the condition of Obe Bloom, who was operated on at the Clearfield hospital Thursday is to the effect that he withstood the ordeal splendidly and his physicians have strong hope of his ultimate recovery. His was a very serious case and he was taken to the hospital just in time. The breaking of an abscess in the bowels was the cause of the trouble.

Mike Kovack, who took a trip to the old country about a month ago, returned to his Curwensville home on Thursday. Business in Europe, he represents, is exceedingly dull and nothing like as brisk as he finds it in the good old U. S. A.

Fire broke out in a straw shed on the farm of Lawrence Way on Thursday forenoon and made such a headway that the bucket brigade could not do anything with it. A call was made for the town pumper, but it arrived too late to save any of the buildings. The barn and all outbuildings surrounding it were burned to the ground. All of the hay and grain of the year's harvest was a total loss, which will foot up close to \$25,000, with a few thousand dollars of insurance.

The origin of the fire has not as yet been ascertained, but is laid to the door of spontaneous combustion. The barn was a circular shape and one of the best constructed buildings to be found in this end of the county or out in the Chestnut Ridge section. The loss to Mr. Way is one that he will feel for many years to come. Fortunately at the time of the fire no stock was in the vicinity, and very little of the farming machinery.

School Board held a meeting in the High School building Friday evening, at which time a number of large bills were acted on, the most important being the one presented for the new heating system, which has been finished and is in fine working condition.

SMOKE RUN

Mr. and Mrs. William Turnbull of Beccaria were calling on friends in town Wednesday.

Mr. and Mrs. H. C. Bailey were business callers in Iryona on Wednesday evening.

Ren Conrad of Allentown returned to his home on Thursday.

O. E. Berg was a Utahville visitor Sunday.

Lester Bloom and Matthew Owens, of Olanta, were calling in town Tuesday.

Miss Helen Clancy was a Madera caller on Monday.

Mr. and Mrs. William Turnbull of Beccaria were calling on friends in town.

Thomas James was a business caller in Clinton on Monday.

James Glasgow of Glen Hope was calling on his nephew, H. C. Bailey, on Wednesday.

Mrs. Rachel Ralston, Miss Helen Clancy and brother John attended the Fair at Clearfield on Wednesday of last week.

"Gusher's" Day Never Long.

There is a certain class of people with whom the gushing person will get a hearing, but this is merely because that particular class enjoys flattery, an art in which the gusher is particularly skillful. But, taken on the whole, human nature appreciates frankness and sincerity. And these two qualities give to the eye an expression which is not to be overlooked in the seeker after beauty.

Caught On to Safford Trick.

If a man's hat blew overboard while leaving port many British skippers would turn back and delay sailing until the next day. It was an omen that one of the crew would be lost overboard during the trip. This sign, however, became discredited as why it was hands, destined of another day, were with their wives and families, contracted the habit of going aloft and assisting the wind to forestall disaster.

Aged Munson Man's
Body Is Found From
Creek Near His Home

The remains of Edwin Davis, of Munson, aged about 73 years, were taken from the waters of Moshannon Creek yesterday, having been discovered by a body of searchers who had been looking for the aged man ever since his disappearance from his home a couple days previous.

Mr. Davis, who had been in failing health for some time, but had been much improved lately, disappeared on Wednesday and his friends and neighbors and Phillipsburg Boy Scouts had been searching for him ever since.

When drawn from the water the broken branch of a tree was found tightly clasped in his hand and it is thought that Mr. Davis fell into the water and made an attempt to get out but failed to do so when the branch he seized broke in his hands.

Only 14 Toll Roads Are
Now In Operation In This
State; There Were 250

Harrisburg, Oct. 4 (INS).—There are no toll roads on state highways in Pennsylvania, according to the State Highway Department, and there are only 14 toll roads throughout the entire state. These comprise a total of 59 miles. Twenty years ago there were 1,101 miles of toll roads throughout the entire state. The State of Pennsylvania paid for or assisted in paying for 522 miles of toll roads. The total cost of this mileage was \$2,228,788.02 of which the State paid \$1,321,222.52; the counties \$897,565.50. The average cost per mile was \$4,208.93. In one instance private individuals paid for 194 miles of toll road. This was the Carlisle-Hanover Turnpike. Of the 59 miles of toll roads existing in Pennsylvania 33.68 miles are in Lancaster county. Ten miles are in Berks county.

The toll roads now in existence are as follows:

Centre county—Bald Eagle, Nittany, Brush and Penns Valley; Millheim.

Franklin county—Waynesboro and Maryland.

Lackawanna county—Nay Aug Falls and Elmhurst Boulevard.

Lancaster county—New Holland, Lancaster and Ephrata Turnpike and Plank road, Lancaster and Fruitville, Lancaster and Lititz; Lititz and Lexington; Manheim and Lititz; Strasburg and Millport; Columbia and Washington.

York County—Shrewsbury and Railroad station.

Berks county—Oley.

MORRISON RETIRES
FROM THE STATE
BANK DEPARTMENT

Harrisburg, Oct. 3 (INS).—Captain W. W. Morrison, 33-year-old deputy banking secretary, retired from State service today. He had been deputy secretary for 23 years.

The retirement was followed by the promotion of Charles H. Graf, Kittanning, from second deputy to take the post vacated. Alvin M. Whitney, Coudersport, to Graf's job and Ireland M. Beckman, Erie, from banking examiner to third deputy secretary.

Electricity for Tractors.
A Swedish inventor claims to have satisfactorily applied electric power to tractors and other farm machinery.

AFTER AN
OPERATION

Mrs. Wilke Couldn't Get Back Her Strength Until She Took Lydia E. Pinkham's Vegetable Compound

Rochester, Minnesota.—"I had a very serious operation and it seemed as if I could not get my health back after it. I suffered with pain almost constantly. My sister came to help take care of me, and she was taking Lydia E. Pinkham's Vegetable Compound for nervousness and a run-down condition. She had me try some of it, and in a very few days' time I began to feel better. In two weeks I hardly knew myself and after taking a couple of bottles more I was up and helping around, and now I am strong and healthy again and am still taking it. It is a pleasure for me to write this to you, and I hope that many other women who are suffering like I was will find out about your medicine. I will give any information I possibly can." — Mrs. JAMES WILKE, 133 E. Center Street, Rochester, Minn.

Remember, the Vegetable Compound has a record of fifty years of service and thousands of women praise its merit, as does Mrs. Wilke. Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent you free upon request. Write to the Lydia E. Pinkham Medicine Company, Lynn, Mass.

Tasty

The delight of the morning cakes is made more so or marred by the butter you use. The slice of bread little Jack or Mary eats after school is also improved by better butter.

NUMBER 234

Giants Take First Game Of Series In 12 Inning Session

Griffith Stadium, Washington, Oct. 4. (INS)—In spite of the fact that Walter Johnson's worthy right arm was waiting them plate-ward for the first time in world's series history the New York Giants got the decision over the Washington Senators this afternoon in a 12 inning premier of the great post season classic. Score 4 to 1. Home runs by Kelly and Terry into the conveniently adjacent left field bleachers and Young's pinch single to center with the bases filled in the twelfth followed by Kelly's sacrifice fly decided the issue.

But the Senators accepted defeat only after tying the score with a sensational rally in the ninth, Bluege's infield scratch being followed by Peckinpaugh's double to left center on the hit and run play. It took five minutes to clear the field of flying cushions and wild-eyed fans as Bluege crossed the plate with the tying run. The remaining Senatorial tally was furnished by McNeely's double and successive infield outs in the sixth and Harris's single in the twelfth after Jackson had staked Shirley to two bases on a rank muff.

Subsequently Rice singled to center, sending Harris to third. But Rice was nipped trying to move up on Southworth's fumble and then with the tying run tearing toward the plate Foley retired Goslin on a close play at first.

Bluege, 3b
Peckinpaugh, ss
Ruel, c
Johnson, p

Umpires: Connelly at plate, Klem at first, Dineen at 2nd, Quigly at 3rd.

America's annual baseball classic began this afternoon at Washington with the New York Giants taking the lead over the Washington Senators in the third inning when Giant Kelly developed a lusty homer over the left field bleachers. Terry of the Giants followed this in the fourth inning with a homer into the same pasture. The Senators had their first taste of glory in the sixth when McNeely sent a hefty double down the third base line. A sacrifice by Rice brought in a run, thus saving the Senators from a whitewash, and making the score two to one but in favor of the Giants. Johnson pitched great ball and it seemed that the Giants were helpless against his speed ball except in those instances when a perfect connection was made—then it flew clear out of bounds. Neph was a master at all times. Truly it was an old time pitcher's battle with two old masters playing the principal roles.

As the game progressed it looked as though the scoring for the day was over but the fighting Senators found a situation to their liking. Bluege opened up hostilities with a single and Peckinpaugh "pecked" the left field fence with a swat that brot Bluege home and tied the score.

Throughout the tenth and eleventh innings both teams played faultless ball in a gigantic struggle to prevent one another from gaining the advantage of having won the first game of the series. There were many spectacular plays. Throughout both innings

the pitchers were pillars of strength. In the twelfth, the Giants "found" the veteran Johnson and began to fill the bases. A succession of timely swats brought in two runs and left three men on base when the Giants were retired.

By DAVIS J. WALSH
(I. N. S. Sports Editor.)

Washington, Oct. 4.—They say the streets of Brussels fairly rang with revelry by night and loudly before their defeat at Princeton and that Cornwallis marched to his surrender at Yorktown, "heavy-eyed from the aftermath of a hard evening."

But staid old Washington awoke to its first world series today to discover that it remained staid old Washington, in spite of the fact that it was about to stake itself to what promises to be the most unusual set of games that organized baseball has known. Its inspired Senators were to take on the New York Giants in the series inaugural this afternoon with Walter Johnson's smoke ball on view in a world series for the first time since that esteemed gentleman entered the big time 17 years ago; yet Washington took the matter with dispassionate calm wholly unexpected in view of its lengthy wait for a pennant winner.

It was a typical Johnson day, with a mist hanging low over the field and a Weather Bureau forecast that the afternoon would remain cloudy. In that case, the Giants—harrassed by injuries and the hangover of the O'Connell-Dolan scandal—will step to the plate to try to do business with a baseball that is not altogether discernible to the unrobbed eye.

Because of Johnson, the Senators will step out at 6 to 5 favorites to win the opening game and even money choices to win the series. Physically they had the edge on the Giants, who were weakened by injuries to Heine Groh and Frank Frisch. Psychologically they were highly esteemed because of the nasty scandal that burst in the faces of the Giants less than 72 hours before the opening game.

As Stanley Harris, our well known juvenile manager, put it to the writer:

"If the Giants have guilty knowledge, they will be easy for us. If they haven't, then I look for the men under suspicion to play better ball than they ever did before."

In either case, the writer thinks the Giant morale may suffer. In view of what has gone before, it would be suicidal for Young, Kelly or Frisch to have an off day at any time during the series. A mere fumble might bring down on their heads the investive of the stands and the players in question need be no smarter than the writer thinks they are to realize this.

Frisch will hardly be himself, in any case. He is using a balloon tire for the middle finger of his throwing hand and may find not only fielding but hitting a different proposition. Frisch will play second base however, because the Giants need his inspired leadership.

But at third base, the fragile Groh, sporting a demountable knee, has been replaced by Fred Lindstrom, a young man of excellent defensive virtues but lacking both experience and the pinch at the plate. Try as I will, I cannot help but feel that the Giants are not as good a bet as they were several days ago.

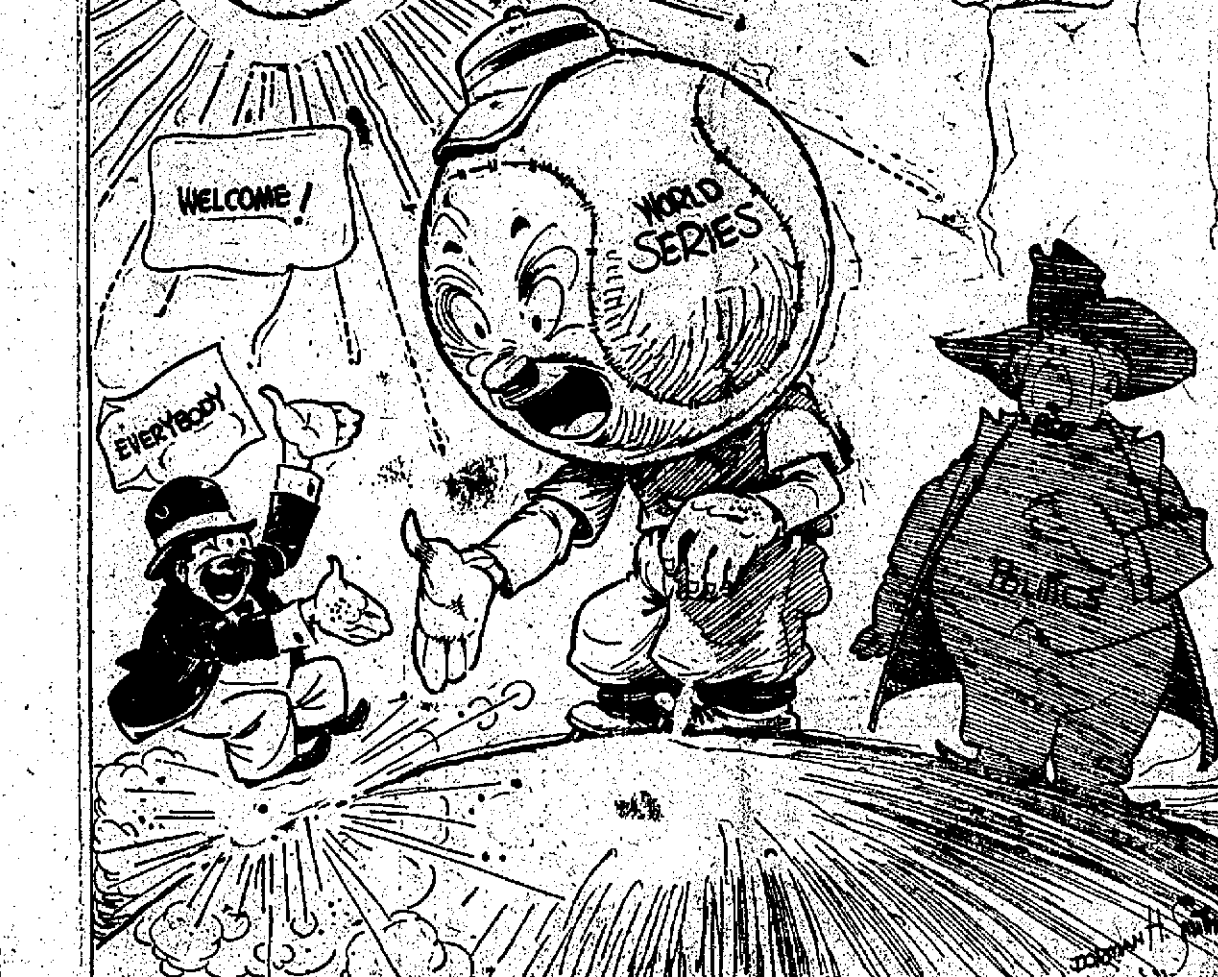

Just how much natural hostility they must face at the Washington ball park and how much this may be enlivened by the expose of Dolan and O'Connell only the next few hours disclose. It is fact, not fiction, that Washington has taken the event rather quietly.

Little or no betting has been evident in the hotel lobbies and excitement everywhere is somewhat below par. Every local breast may be a seething caldron, at that, but if so they wear the mask in this town.

How It Happened
FIRST INNING: Giants. Lindstrom flied out to McNeely. Frisch attempted a bunt and frazzled, flying to Bluege. Young waited on a good one too long and was called out on strikes. Acted natural, objecting to ump's decision.

Senators. McNeely flied out on a high one to Wilson, hitting first ball pitched. Harris out; Jackson to Terry. Rice out on a foul to Lindstrom.

SECOND INNING: Giants. Kelly waited on three balls and had two strikes when he swatted one over the left field bleachers for a homer. Goslin

BANDITS WRECK
B. & O. FAST TRAIN,
KILLING ENGINEER

Aviston, Ill., Oct. 4 (INS).—Posses today were seeking bandits who last night caused a wreck of the fast Baltimore and Ohio mail train here. Engineer Van Olman was killed, fireman Purcell fatally injured and fifteen passengers badly injured.

Eight coaches of the train, which was reported to have been carrying a large shipment of currency went into the ditch.

A cut switch caused the wreck. Farmers nearby said they saw a number of men on the trunks at the scene of the wreck a few hours before the train came along.

The train was enroute from St. Louis to Washington, Indiana.

STEWART OF TYRONE
MOOSE CLUB SENT
UP FOR 60 DAYS

Hollidaysburg, Pa., Oct. 3.—J. D. Herzog, steward in charge of the Moose club at Tyrone when Sergeant E. Jimeousky made a recent raid there, declared he was only "filling in" for the regular steward but admitted he knew intoxicants were being sold there and that he sold them. Eight cases of beer were confiscated by Jimeousky and when a chemist examined the beverage it was found to contain 5.50 per cent of alcohol.

It was represented that perhaps Herzog did not know anything about the beer being for sale, but Judge Thomas J. Baldridge did not believe it was there as an ornament, so he directed that Herzog pay the costs, a fine of \$100 and go to jail for sixty days. On August 30 when Jimeousky made the raid, he also found a slot machine from which he extracted over \$200 which was turned over to the county treasurer. Sentence was suspended on that charge.

made a great try to get it but failed. Terry too was a good waiter and finally garnered a single over second. Wilson fanned. Jackson drew a walk. Johnson worked hard on Jackson but could not tempt him. Gowdy lined to Peckinpaugh who threw to Harris doubling Terry. One run, two hits, no errors.

Senators. Goslin out; Jackson to

HEALTH CONDITIONS FINE

Secretary Gaultin of the Board of Health in his weekly report says that for the week ending Friday evening but one case of mumps was reported to the Board for quarantine.

There are three cases of communicable disease under quarantine in the town at present, the other two being one each of scarlet and typhoid fever, neither of which was contracted in the town. The Board of Health is having tests made on the typhoid case. One negative test has been secured and if a similar report is had on the second test the quarantine will be lifted. The scarlet fever case will be released October 6th.

DAYTON AIR RACES
DESTINED TO SHOW
ADVANCE IN ART OF
TRAVELLING BY AIR

By CARL L. TURNER

I. N. S. Staff Correspondent
Wilbur Wright Field, Dayton, Ohio, Oct. 3.—With the International Air Races well under way the Air Race Committee of the National Aeronautic Association today directed attention to the thousands of visitors to the real scientific value of the air classic.

"Because the air races draw such large crowds and thus assume the atmosphere of a huge circus," it was stated, "the serious purpose underlying the entire program is for the greater part discarded."

"In reviewing the air race events with the factors of speed, efficiency, endurance, altitude and utility having respective value in deciding the winners."

Terry, Jackson making a great stop of a hard hit ball over second. Judge gets a walk from Johnson. Bluege fanned. Peckinpaugh out on a fly to Wilson. No hits, no runs, no errors.

THIRD INNING: Giants. Neph out; Jackson to Judge. Lindstrom swung out. Frisch doubled to deep center. Young up. Ball one, strike one swung. Frisch was trapped off nowhere in sight. The mist was so heavy it amounted almost to a drizzle.

WOMAN AND YOUTH
GO ON TRIAL FOR
HUSBAND'S DEATH

Middleburg, Pa., Oct. 4. (INS).—

Mrs. Minnie Willow and her youthful lover, Ralph Shadle, just 17, will go on trial next Monday morning for the murder of Harvey Willow.

The pair are accused of making a "love pact" in which they decided to kill Willow in order that Mrs. Willow and Shadle could live together as man and wife.

Shadle confessed that he went out hunting with Willow on December 10 and that he fired two shots into Willow's heart. A tree nearby was riddled with shot and authorities first believed the shooting was accidental. However, District Attorney Miller was not satisfied and he ordered state police to conduct a search.

They learned that Shadle and Mrs. Willow had been on very intimate terms. For several months state police failed to get any evidence that pointed to the youthful farm hand as his employer's slayer.

But Shadle's actions were suspicious and state police ordered his arrest. He was taken to the jail at Middleburg where after several days confinement he called for the sheriff.

(Continued on Page 4)

Cool, Cloudy Weather
Greeted Washingtonians
Early This Morning

Washington, Oct. 4. (INS).—Cool, cloudy weather, with a threat of rain in the air, was the weather dish served up for the opening game of the world's series today.

At 8 o'clock a heavy mist was hanging over the capital and the sun was nowhere in sight. The mist was so heavy it amounted almost to a drizzle.

Encouraging Republican
News From Maryland;
Coolidge Admired There

Washington, Oct. 3 (INS)—President Coolidge was told today by National Committeeman William P. C. Jackson, of Maryland, that the Republicans have "a good fighting chance" to carry the state in November. Jackson conferred with Coolidge over political conditions in the state. He told the President he believed LaFollette would injure Democratic chances in Maryland.

BROOKHART OUT IN
OPEN OPPOSITION
TO MR. COOLIDGE

Emmetsburg, Iowa, Oct. 3 (INS).—The charge of the Republican organization that his recent demand for the resignation of General Charles G. Dawes, vice presidential candidate, was "traitorous to the party" was answered here today by Senator Smith W. Brookhart, Iowa, in a scathing denunciation of President Coolidge and "the Republican machine."

He openly charged Coolidge with affiliation with "the Wall Street bloc" and with desertion of the basic principles of Republicanism as laid down by Lincoln and declared he would "re-form the lines for a final fight to oust Wall Street influence from the Republican party."

He declared the "Coolidge machine" (Continued on Page Five.)

'Red' Doom, Former Phil,
Intimates There Is More
To Be Told Of Baseball
Graft, Past And Present

Atlantic City, N. J., Oct. 3 (INS).—Asserting that bribes were offered him four times while he was manager of the Philadelphia National League Baseball Club, Charles S. "Red" Dooin said today that he believed O'Connell and Dolan were merely "goats" for some one "higher up," in baseball's latest scandal. "Back in 1908 I was offered \$40,000 by a catcher on the New York Giants if I wouldn't play too hard," Dooin said. "The Giants were scheduled to play the Phillies at the end of the season, with New York and the Cubs were on practically even terms. The money was put in my lap while I was sitting in a train."

"In 1911 two magnates offered to make it worth my while if I would trade pitcher Earl Moore and outfielder Sherwood MacGee to a pennant contender near the close of the season," Dooin continued. "He did not discuss the other two bribery attempts."

Giant Players Demand
Ban Johnson Retract
His Bribery Statement

Washington, Oct. 4. (INS).—Fairly seething with resentment over veiled attacks made upon their integrity, following the Dolan-O'Connell expose, a committee of New York Giants waited upon Judge Landis last night with the intention of requesting him to force Ban Johnson to retract his statement that all members of the team were involved in the scandal. The committee, headed by Hi Gowdy, failed to get an audience with Landis because the commissioner was absent from his hotel at the time the players arrived.

CHURCH MEN OF ALL
DENOMINATIONS ARE
URGED TO EXERCISE
RIGHT OF SUFFRAGE

Washington, Oct. 4.—To register and vote one hundred per cent of their qualified members in the coming presidential election is the goal set before the pastors of the country by Dr. Worth M. Tippy, secretary of the Commission on Social Service of the Federal Council of Churches. The movement is non-partisan.

Pastors are given concrete things to do to get their members to vote in November in a statement issued today to the ministers of the country. "The value of the press in this 'Get Out the Vote' campaign is recognized in his message, which says in part:

"Pastors are asked to preach an election sermon on a Sunday preceding the registration day in their several states. This will be before October 12 in most states. There are exceptions as the registration period in a few states is now past."

"If voters do not register they cannot vote, therefore the election sermon must be preached before registration day and not on the Sunday before election day, or it will not be effective."

"Voters should be urged: 'a. To think through the issues (Continued on Page 8)."

Have Your Lamps All
Trimmed And Burning
Next Monday Evening

The free focusing demonstration to be held on Front street between Market and Locust streets Monday evening is attracting a great deal of attention from local motorists, all of whom are anxious to have their lights conform to the law. The demonstration will be in charge of W. J. Davies, an Altoona expert, who has the sanction of the State Highway Department for this test.

The screen upon which the lights will be focused will be located near Locust street and the car whose lights have been passed upon will then be able to turn into Locust street.

The local garages will have mechanics on the ground ready to make all necessary repairs or adjustments free of charge to the car owner.

The Red Cross Nursing
Service In Emergencies
Has Never Fallen Down

Clearfield Borough and County have been in the past singularly free from disasters or emergencies of any kind. But if they should come, we may feel reasonably well assured that the Red Cross will be a tower of strength and the Community Nursing Service right where it is needed, first and last. We have a very few illustrations of this that make good reading.

About two years ago Morristown had an epidemic of Typhoid fever. The cases multiplied so rapidly that it was necessary to take as many as could be accommodated to the Phillipsburg hospital. Our own hospital was full and the nurses busy every minute. But cots were supplied and thirteen of the patients were brought from Morristown with Miss Lockhard, our Morristown Red Cross nurse, installed as night nurse.

THE SABBATH

"No age has ever been tempted to dissipation of its energies like this rich and complex age of ours," says Henry Churchill King, president of Oberlin College. "No age ever needed a more determined and thoughtful use of its Sundays. Even for simply deferring old age, it is well for one day of the week to rid the mind of lesser cares and keep the soul open to the uplifting and refreshing tides of life."

This may be, after all, the best argument there is for old-fashioned Sunday observance. The Sabbath was meant to be literal: "a day of rest."

There is a story of a pioneer who a century or more ago traveled west from New England, in an ox cart, to settle in the Middle West. It was a long, hard journey, and the other people in the caravan were eager to get ahead. So they kept right on, over Sunday. This particular pioneer declared that he would neither labor himself nor make his ox labor on the Sabbath, so he always made camp on Saturday night and did not start again 'til Monday morning. And he was the first to reach the new land.

If that pioneer were living today, he might be beating his competitors in business or professional work or art, by the same procedure, not only winning in the race, but preserving his peace of mind.

FIRST AID TO GENIUS

An organization known as the Associated Industries sent out a committee to search the factories of New England for hidden genius. The committee worked for 18 months, and then it presented 20 young men and women as showing "unusual promise."

These 20 were then given certain hard tests by a group of Harvard professors. Their ranks were thinned to six—five boys and a young woman 24 years old. The six were then taken to Harvard for further exacting tests. All of them rated Class A, but the young woman scored highest in personality and intelligence, so she was chosen for the rest of the experiment.

Shee has had a lifelong ambition to study medicine and to specialize in children's diseases, and this the committee will give her an opportunity to do.

It will be interesting to know the outcome of the experiment a few years hence—whether the committee's judgment is correct and whether the young woman's ambition has survived strenuous course of studies she will have to pursue before she can even begin to specialize in her favorite line. If she comes through successfully, becomes a great physician and an authority on children's diseases, contributing, perhaps, some successful original research work to that field, then the experimenters will undoubtedly feel that they have pointed the way to rescuing other hidden genius from the circumstances which have suppressed it.

In the meantime one cannot help feeling an interest in the future course of the 19 boys and girls who were found to have "unusual promise" but who just failed to qualify for this particular experiment. Will they go back to those New England factories and again become hidden geniuses? Or will they take a fresh start on the basis of the Harvard tests and follow some new activity to fine fruition? Or, again, will they return to the factories and, resuming their former jobs, rise from them to fine achievement as inventors or executives or leaders of some sort?

To be wholly successful, the committee or its backers should follow the careers of all 20 of these young people for at least 10 more years.

Saving in a Habit

Sometimes it is harder to save than at other times.

In the long run the amount you can save out of each pay is not so important as the cultivation of the habit of saving regularly.

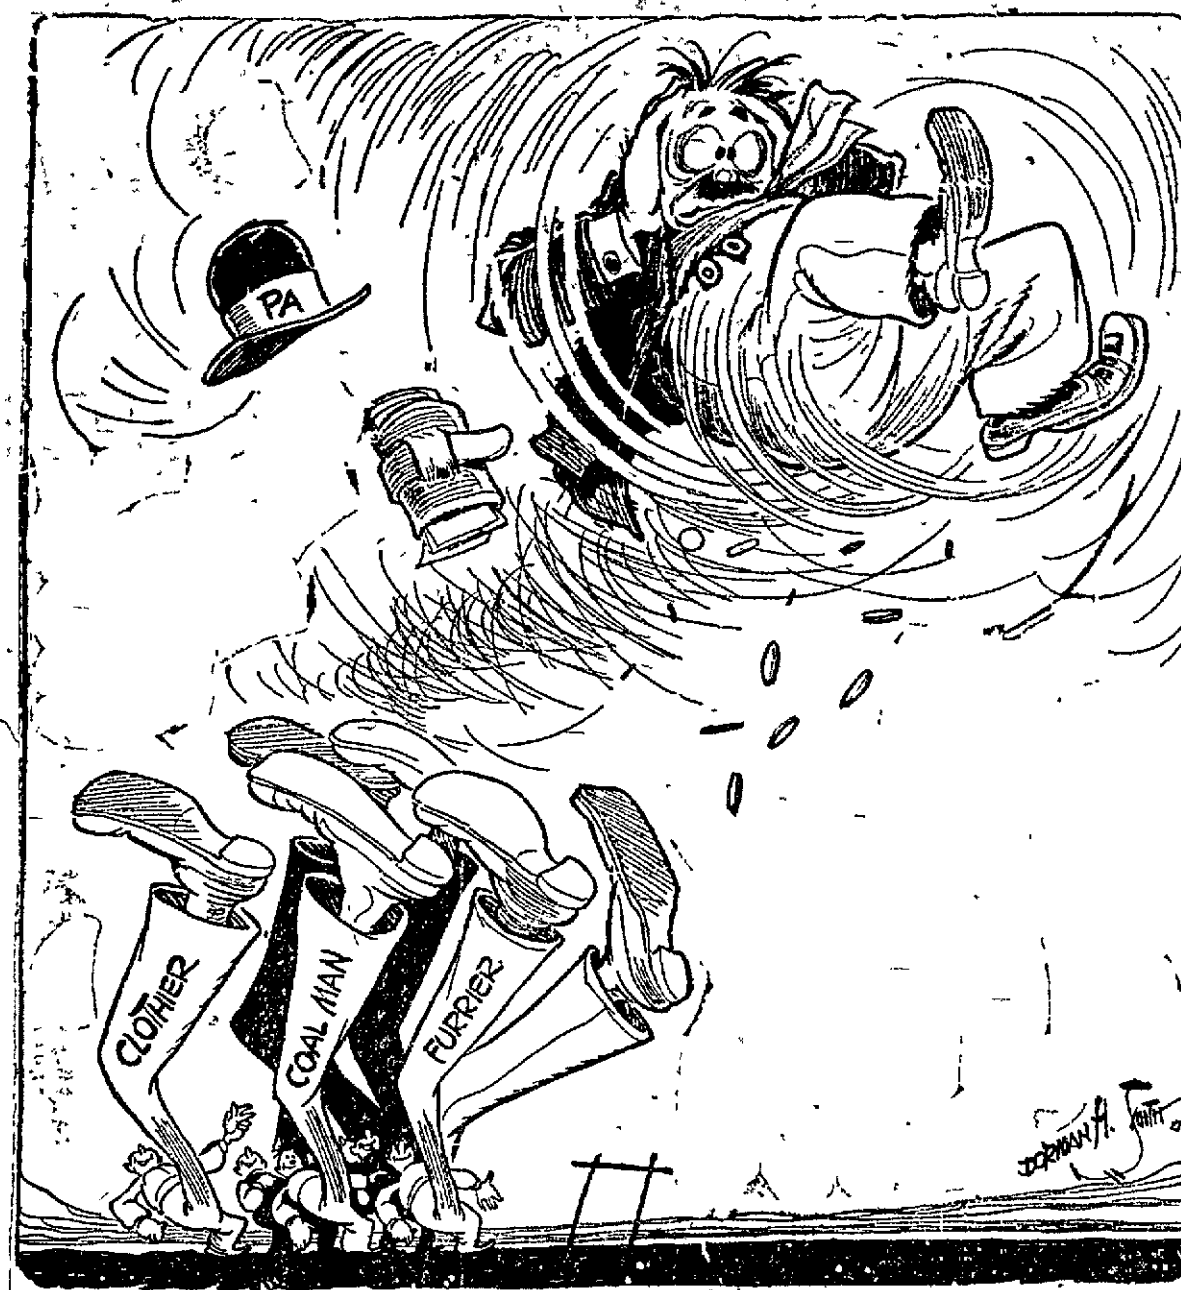

It is as easy to form good habits as to form bad ones. If you have the saving habit you find it easy to save. If not let us help you get the habit.

We will accept deposits in any amount and will pay you 3% interest compounded every six months on your savings account.

A TIME TO SAVE AND A TIME TO SPEND

By FLORENCE DAVIES

"I lost an hour this morning," said my level-headed friend, "and if I believed in taking more time to regret my mistakes, which I don't, it would have haunted me all day."

"What's worse," she continued, "I lost it trying to save five cents. You know our way the suburban cars run once an hour. We are just one step beyond the fare zone. I thought I had any quantity of time, so I decided to walk down the road to the zone stop, only a few yards ahead, and save a nickel."

"My watch must have been a bit slow. I was half way between the two when the car came along. The trees hid it so I tried to think it was a baggage car or, something. But it was the regular, every day 8:40, and I sat there and waited for the 9:40. Nothing to read, either, and I had started early because I had so much to do in town."

"An expensive bit of saving, but early thrift lessons will persist," I commented.

"They do indeed," she agreed, "and in the long run they mean wisdom, of time or strength."

but it's old Aunt Mchitabel that crops out in me to my sorrow. Every once in a while she raises up in me and tells me to save a few measly pennies by using something that ought to have been thrown out long ago, or going without something that I really need. The last chalk talk that I gave before the Club Aunt Mchitabel protested against my buying new crayons when I had a collection of shot ends. Result, the pieces broke and crumbled and my talk was half spoiled.

"Aunt Mchitabel lived on a little rocky New England farm where every penny meant toil, and saving was one of the necessities of life. I hope she's having a soft time of it now to make up for the hardship she went through when she was here on earth. But I'm resolved I won't listen to her economy urges after this."

"You know the new psychology teaches us to spend, wisely of course, but generously, in faith that more will come to supply all our real needs," I suggested.

"And it works," said my friend. "That is why I scold myself when old habit and tradition push me into some little 'nearness' that turns out to be not economy at all, but real waste in the long run they mean wisdom, of time or strength."

RED MEN PLANNING
BIG BOOSTER MEET
TUESDAY EVENING

Chinlacumose Tribe of Red Men is making great preparations for the big booster meeting and smoker to be held in their rooms in the Mechanic's Building on Nichols street on Tuesday evening, October 6th. There will be no cats served at this affair, but there will be lots doing all the time and even the hungry "redskins" should attend.

An interesting program has been prepared for the occasion, the "top-liners" on which will be Great Sachem McQuaite, of Reading, and Great Junior Sagamore Benton, of Williamsport.

Slim Brenneman and his band will furnish the music for the evening. Every Redman in or near Clearfield on Tuesday evening is invited to attend this meeting and all members of the local Tribe are especially urged to be present as they will hear much to their advantage.

TODAY'S FOOTBALL GAMES

High School grid iron warriors throughout this section will come to grips on the greenward today as follows:

Meyersdale at Johnstown
Huntingdon at Lock Haven
Harrisburg at Altoona
Phillipsburg at Curwensville
Punxs at Clearfield
Punxs Catholic High at St. Catherine's, DuBois.

EDITOR DIES OF ANTHRAX

Wellsboro, Pa., Oct. 2.—Leon B. Cameron, editor of the Wellsboro Gazette, died today at his home here following a five-day illness of anthrax, believed to have been contracted from the use of a new shaving brush. He was taken to the Blossburg hospital for an operation on Monday, but he was brought back to his home on Tuesday.

He was the son of Mr. and Mrs. David E. Cameron. He leaves his widow and two sons.

(Anthrax is an infectious disease of animals, which occasionally affects humans through direct inoculation.)

DAVID ROOP, FORMER
RESIDENT DIES AT AKRON

Word was received here this morning of the death of a former resident David Roop, at Akron, Ohio. Mr. Roop had been in failing health for the past couple of years.

He is survived by his widow, two sons, Tasker at home and Thomas, of Canal Fulton, Ohio, and a daughter, Mrs. Willard Jenoir, of Akron.

The funeral will be held from the late residence of the deceased Monday October 6th. Interment at Akron.

J. W. Gearhart, of Blue Ball, was a juror this week and left for home today determined to oil up his shot gun and tune up his rabbit hound in readiness for the approaching hunting season.

Mrs. J. W. Flegal and daughter Marie returned home last evening from Wilmington, Del., where they were delegates to a Foreign Missionary Convention.

CELEBRATED GOLDEN WEDDING

Mr. and Mrs. William Harley, former residents of Curwensville, but who have been living on Hillsdale, just outside the Clearfield borough line for the past fifteen or more years, celebrated their 50th or Golden Wedding anniversary at their home on Wednesday last. Forty-three of their friends and neighbors assisted Mr. and Mrs. Harley in celebrating the happy event and a delightful time was had by all.

Mr. and Mrs. Harley were married at Williamsport on October 1, 1874, and have spent all their half century together in this section, where they have a host of friends who unite in wishing them many happy returns of their wedding anniversary. They were the recipients of many handsome presents.

"Those present from out of town were: Mrs. L. Ashton, of Renova; Mrs. Abe Metzler, of Williamsport; Mrs. Henry Markert, of Ridgway; Mrs. Cal Snyder, of St. Mary's; Mrs. Cal McDowell and Mrs. Cliff Morrison of Emporium; Miss Gertrude Markert, of Beechwood; Mr. and Mrs. Whitmer Browne, Mr. and Mrs. Kline Farwell, Mrs. Clara Hance, Mrs. Samuel Moore, Mr. and Mrs. Ed Harley, all of Curwensville.

Rev. G. R. Alban went to Tyrone to preach a funeral sermon yesterday, Mrs. Alban, daughter Catherine, Miss Emma Taylor and Austin Yeager motored over to Tyrone and brought Rev. Alban home last evening.

CHARGES AGAINST
PITTSBURGH POLICE
USING THIRD DEGREE
NOT SUBSTANTIATED

Pittsburgh, Pa., Oct. 3 (INS)—The six men who accused policemen in the North Side police station of beating them to extort confessions, told false stories to cover up the beating; they received in a private parlor, Superintendent of Police Edward J. Brophy declared this afternoon following a full investigation of the charges.

The sextet engaged in a brawl following a drinking party, and received cuts and injuries in the fight which they later charged were inflicted by policemen in a "third degree" grilling.

Only one policeman has been directly charged with the beating, Brophy said, and these charges have been preferred by Edward Hamilton, assistant county law librarian.

Brophy asserted Hamilton was not certain the man named was the one who beat him.

POPULAR CLUB HAS
DELIGHTFUL MEETING

Sixty-five members and guests attended the regular semi-monthly meeting of the T. O. C. Club at Idora last evening. A specially pleasing evening's entertainment had been prepared by the committee in charge and everyone present enjoyed the occasion to the limit. Dancing and games were the chief diversissements. Excellent music was furnished by an instrumental trio.

Stationery to Carry
Your Message

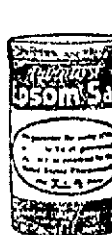

involves many nice problems, such as weight, finish, shape, color, etc. Each of these qualities is important, because together they form the general effect by which persons of discriminating taste aim to make the messenger and the message harmonize.

Here at The Rexall Store we pride ourselves on being able to meet practically any correspondence problem you may encounter—the general letter, the informal note, the message of congratulation, acceptance, regret or condolence, the vacation letter, the formal announcement or invitation.

Let us help you select a well-rounded assortment to meet your individual needs.

Puretest
Epsom Salt

is the easiest to take of all Epsom Salts because it is absolutely free from all impurities and therefore contains no trace of bitterness.

A wonderful cathartic, especially for middle-aged and elderly people who suffer from auto-intoxication.

For those mean digestive disturbances and the accompanying headaches, take two teaspoonfuls of Puretest Epsom Salt, dissolved in a glass of cold water.

You will experience almost immediate relief.

Yes True
Aspirin

Puretest Aspirin Tablets are made from true Aspirin and are manufactured under the highest standards of quality. They disintegrate rapidly and act promptly.

We recommend Puretest Aspirin Tablets for the relief of pain, headaches, colds, neuralgia pains, etc. We guarantee them to give satisfaction.

Handy metal boxes for the pocket and big economical bottles of 100 tablets for the medicine cabinet.

Cara Nome
Packages

with their beautiful pale blue and gray tints, carry an individuality which makes them appreciated by women of refinement everywhere.

Every Cara Nome Toilet requisite breathes forth an exquisite odor of rare delicacy and subtle charm like the fresh woodland fragrances in early blossom time.

Rexall

Rubbing Oil
Will Limber You Up

Athletes use it regularly for stiff muscles and joints. It's great for bruises, sprains, strains, cuts, insect bites, soreness of muscles and joints, chilblains, chapped hands, lame and weak backs, subacute and chronic rheumatism, gout and lumbago, neuralgic pains and sciatica.

Face Powder
Compact Juneve

blend with the complexion perfectly, giving the skin a soft, delightful bloom without any suggestion of a made-up look.

These dainty requisites are beautifully packaged in metal boxes with characteristic blue and gold Juneve decoration. There are two sizes—one for the purse and a larger one for the hand bag or dresser.

The Juneve perfume in these compacts is sweet and dainty, yet very lasting.

Junveve Cold Cream

is an ideal cleansing cream for the skin in dopes. It is pure white, smooth, and of the highest possible quality. Use it to remove dust and grime from the pores.

Like all Juneve Beauty Aids, this cold cream is perfumed with an alluring fragrance which is sweet and dainty, yet very lasting.

Beautiful screw-cap white opal jar with characteristic Juneve decoration. An ornament on the dresser.

BROOKHART IN OPEN
OPPOSITION TO PRES.

(Continued from Page One)

had snubbed the party in Iowa and had insulted him, ignoring the requests of the 200,000 voters who nominated him.

"Issue has now arisen in Iowa" he declared, "as to whether the principles of the Republican party shall be determined by the voters or by a small group of crooked and irresponsible dictators set up by the non-partisan league of Wall Street."

"I have never thought of leaving the party. My whole soul is wrapped up in the principles of Lincoln, Roosevelt and Kenyon. On the other hand, I will fight with all my strength against that false and corrupt conception that crept into the party under the leadership of Hanna, Penrose and Newberry."

"I have said I would do as much for Coolidge as he would do for me and the voters are entitled to know what we have done for each other and to each other."

"The Coolidge newspapers over the State, with a few exceptions have belted me and continue to denounce me and my platform as approved by the voters."

"The Coolidge committees have announced publicly that they would not use me in the campaign and when I left for Camp Perry the chairman expressed the hope that I would not

Time To Take
Awnings Down

The wet weather of Fall is here and the less your awnings are out in it the better for them. Let us take them down and store them in a clean, dry place so that we will have them ready for you when the first warm days come next spring.

A. LEA HESS
H. & C. Phone 250-W.

Heating Stove Specials!

In order to quickly reduce our stock of Heating Stoves we offer the following—while the present stock lasts:

\$75.00 ESTATE HOT STORMS \$63.75
\$85.00 ESTATE HOT STORMS \$72.25
\$95.00 ESTATE HOT STORMS \$80.75

Estate
HOT STORM

is a stove and furnace combined—two heating systems in one. It heats by radiation, as does any ordinary stove. At the same time, without requiring the use of an extra ounce of fuel, it generates and circulates a great volume of sterilized warm air on exactly the same principle as a pipeless furnace.

This results in an amazing saving in fuel—a saving so great that your Estate Hot Storm will pay for itself in a few seasons. And after that it will pay you.

Estate Hot Storms are made by the same people who make the famous Heatrola (which heats 5 to 7 rooms). The Hot Storms are constructed on the same principle and work the same way—the extended appearance being the only difference.

If you have 3 to 5 rooms to heat here is an opportunity for an efficient heater at a substantial saving and RIGHT AT THE BEGINNING OF THE HEATING SEASON.

THREE DEAD IN CRASH
OF AUTO INTO POLE

Kearney, N. J., Oct. 4 (INS).—Two men and a woman are dead and two women were in the hospital here today as the result of their automobile crashing into a telegraph pole.

The dead are Mathilda McHale, 21, of Newark, N. J.; G. J. Sheen, 27, Pittsburgh, Pa.; and Thomas Galvin, 24, Trenton, N. J.

Catherine McHale, 23, sister of the dead woman, suffered a fractured skull, Margaret Hacker, 22, Irving-

ton, N. J., lacerations of the skull. Bernard McGuire, 26, driver of the car, was under arrest.

The automobile party was returning from a dance. The machine was reported by police to be going forty-five miles an hour when it hit the pole.

HAD HIS NOSE BADLY CUT

Edward Maines, of Woodland, is going about this morning with his "nose in a sling," so to speak, as a result of painful injuries received last

night about 12 o'clock when the Ford car in which he was riding collided with a Franklin car which is said to have been from Brookwayville.

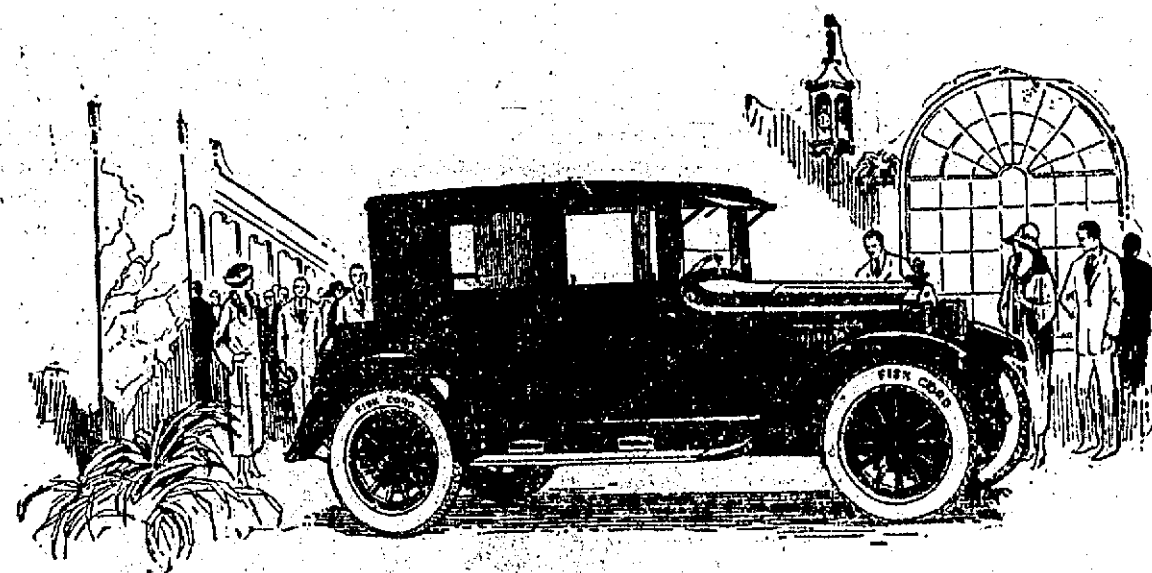

Joe Komoricek, also of Woodland, was driving the car in which Maines was riding. They were just coming out of the Riverview bridge, traveling toward town, as the other car attempted to enter the bridge and the two machines ran together.

Both cars were pretty badly used up, but Maines was the only person injured. His nose, which was badly cut, was fixed up by Dr. Yeane.

Everywhere

No Vibration
At Any Engine Speed

Willys-Knight with Lanchester
Balancer ushers in a new day
of enjoyable motoring.

The Willys-Knight is a revelation to motorists. It gives them a new conception of riding ease, a velvet smoothness of operation that surprises and delights.

Much was expected of the car. The ten years it has been in production have been years of progressive leadership. Willys-Knight conquered noise with its quiet sleeve-valve engine, conquered engine deterioration, conquered carbon and valve trouble, conquered the problems of lubrication, clutch,

steering and every detail of mechanical construction. It seemed to approach the pinnacle of possibility.

But Willys-Knight still advances. This year it tops its record with another triumph—it solves the universal problem of engine vibration. The Lanchester Balancer, which eliminates vibration, introduces car owners to a new comfort and pleasure in driving.

The Willys-Knight with Lanchester Balancer awaits your inspection.

It Happens Every Day

Jackie Coogan has gone to Russia, which is a awful place for any little boy who likes to eat.

London's matchmaker is dead. He struck 40 matches a minute during working hours. Many pipe-smokers beat that record.

Robbers entered two help yourself stores in New York and helped themselves to the safes.

A senator says one vice president candidate is a common liar. That will make any politician mad, calling him common.

What's in a name? In Selma, Ala. Mr. and Mrs. Luckie after being married, drove from the church into an auto wreck.

Don't blame a man for hanging around downtown until you learn he is getting out of working his son's arithmetic.

There is hardly a barber chair foot rest in the country now that hasn't had a woman's feet on it.

Scientists in Europe find ants exist sixty million years ago, probably starting with the first picnic.

Many of the young sheiks are wearing belts two inches wide which are just above where they should be used.

An eye for an eye may be all right, but the modern girl wants a mouth for a neck and a mouth for a neck.

Kissing a tall girl standing up will cure flat feet.

A couple sitting in the same chair doesn't leave much room for argument. (Copyright, 1924, NEA Service, Inc.)

And: A. Zell vs. Edward J. Zell.
No. 106, December Term, 1923.
To Edward J. Zell, Respondent above named:

You are hereby notified that the undersigned, having been appointed by the Court aforesaid, as Commissioner in Divorce, for the purpose of hearing witnesses in said case, and to make a report and form of decree thereon, hereby gives notice that he will sit for the purpose of his appointment on Friday the 24th day of October, 1924, at the hour of 10:00 o'clock a. m., at the offices of Arnold & Platt, in the Keystone Building, in the Borough of Clearfield, when and where you may attend if you see proper.

JOHN C. ARNOLD,
Commissioner. 9/26 10/3/10/17

AUDITOR'S NOTICE
In the Orphans' Court of Clearfield County, Pennsylvania.
In re Estate of Harry Chauer, late of Knox Township, Clearfield County, Pa. deceased.

The undersigned Auditor, appointed by the Orphans' Court of Clearfield County to make distribution of the balance in the hands of the Administrator to those legally entitled to receive the same in the Estate of Harry Chauer, late of Knox Township, Clearfield County, Pennsylvania, will sit for the purpose of the appointment at the offices of Arnold & Platt, in the Keystone Building at Clearfield, Pennsylvania, on Thursday, October 23d, 1924, at the hour of 10:00 a. m., when and where all parties may attend and be heard or be debarred from coming in on the fund.

E. L. PLATT, Auditor. 9/26 10/3/10/17

ADMINISTRATOR'S NOTICE
In the Orphans' Court of Clearfield County, Pa.
In re Estate of Amanda Lench, late of the Borough of Clearfield, deceased. No. 9756.

Notice is hereby given that letters of administration upon the estate of said decedent have been granted to the

Thoughts Of An Unused Camera—

"It's pretty tough to see everybody going off on walks and auto rides without ever thinking of taking me along. Here I sit up on this book-case, covered with dust. These summer days don't mean a thing to me.

"I'd like to get out in the sunshine and get a focus on some pleasant landscape. Last year I was the center of attraction on every outing. They had me taking pictures of everything and everybody. I was everybody's friend in those days.

"I used to snap father and mother, and the girls with their beaus, and Aunt Jane and the whole family. But now nobody ever seems to think of me. That's what it is to have people get tired of you.

"One of them's taking me off the shelf now. She's showing me to some young lady. I never saw before, who says I'm just the sort she wanted for some amateur photography she's going to do. What's up anyway?

"Can you beat that? I've been advertised for sale in the Progress Classified columns and this young lady's bought me. Hurrah—I've found a friend again!"

WOMAN AND YOUTH GO ON TRIAL

(Continued from Page One.)

"Nine months ago Willow hired me to do the chores around his place. A short time later Mrs. Willow and I became friendly. Mrs. Willow said that her husband had often beat her and that she could have no peace. We planned to get rid of him. I went out hunting with him and shot him.

On the strength of his confession, Mrs. Willow, the mother of two half grown children, was arrested. She broke down after being confined in her cell and explained that Shade had been so good to her, whereas her husband had been so cruel that life with him was impossible.

Only once have Mrs. Willow's children visited her in her cell. She is becoming more nervous daily as the time for her trial approaches and she cries to be near Ralph. Meanwhile the boy slayer has become accustomed to the prison routine and is taking unusual interest in reading.

Unusual interest has been aroused by this strange murder case, the first to occur in this county in 20 years. Hundreds of persons are expected to jam the court room when the case is called on the calendar next Monday morning.

Friends of Mrs. Willow have raised a defence fund so she can have good legal aid.

and mines has not improved in the last month. Four days a week is about the average. We expect better time in the near future.

The Baby Clinic held Wednesday afternoon in Swift's Hall was not very well attended. It is a pity more mothers with their babies do not take advantage of the many benefits realized from these clinics.

The Philanthropic Class of the M. Sunday School was delightfully entertained on Thursday evening at the home of Mrs. G. C. Pearce. A "Spring Hat Sale" was the amusing feature of the evening, and was well carried out.

J. V. Knepp, our enterprising merchant, is enlarging and improving his Main street store to better accommodate his increasing number of customers. We are glad to note this sign of prosperity.

An old-fashioned house-warming for Dr. and Mrs. T. D. Farwell was held at their home 222 Daisy street, last evening. Dr. and Mrs. Farwell, newcomers to Clearfield, were completely surprised when about fifty of their relatives and friends dropped in on them. An enjoyable evening at cards was spent and an oyster supper brought the festivities to an end.

Mrs. Zella Farwell, James Farwell, John Farwell and Mrs. Leon Cag

The Courts

ney Clarence Kramer, of the defense in the Hall case, yesterday filed an appeal for a new trial for Ralph, husband of Mrs. Alameda Hall, tually abducted Billy Parker, as given from 3 1/2 to 7 years inpenitentiary after being convicted the crime. The new trial is based on the allegation that the error in permitting the jury to see after selection and before its verdict was rendered; also in permitting cross-examination of Hall regarding his previous conviction in an attempt for counterfeiting; in refuting challenges of jurors by defense, and that part of his plea in which he defined "reasonableness." Error is also alleged in big the jury back into open court for instructions, as they required without the knowledge of the court or opportunity on his part to object to the instructions given. A new trial will be had on the application at a later date.

John Blazis, of DuBois, on her plea guilty to a minor violation of the law, was sentenced to pay the fine within 60 days on condition that she leave the county within 15 days.

Jaret Gruska, of DuBois, was fined \$200 and costs and 10 days in jail for plea of guilty to violating the law.

No Grow, another DuBois bootlegger was given opportunity to provide during a four months term in jail which Judge Chase presiding with a fine of \$300 and costs.

Ann Baerlair and Lize Bictair, of Atlantic section, admitted having sold a little moonshine and were sentenced to pay \$300 fine and costs and 4 months in jail.

M. Zamm, man, of DuBois, violated the liquor law, will pay \$300 fine and costs and get his mail at the county jail for the next four months.

Trapalizing increasing trek from DuBois of the third rate city's citizens so noticeable generally the past year, was further added to at DuBois at least when Alex. H. H. went to jail for ten days and a fine of \$200 and costs for violating the liquor law.

In Keshner, a Winburne man, who was found, was unaccounted for as to where Mr. Annie Bunzer, the head with a rake handle, was sentenced to pay a fine of \$25 and costs.

In Wilkerson, of Bigler township, who, serving a sentence of four months in the county jail for violating the liquor law, was removed to the Clearfield hospital for treatment of madly infected eye, which infected developed during his imprisonment. The order for Wilkerson's removal to the hospital was made by Judge Chase on application of Jail Physician Dr. A. D. Cowdick and request that the prisoner be returned to jail to serve out his sentence after hospital treatment.

Mr. Annie Bunzer, who, the neighborhood, is a real "hell raiser" down at Winburne, was fined \$25 on a suit of the peace charge brought by Peter Keshner, whom the lady had arrested for assault and battery. She

was also required to give bond in the sum of \$500 to keep the peace and was given 60 days in which to pay fine and costs and file her bond. Failing that a bench warrant will be awarded and she will be called in and further sentence imposed.

Joe Baryshefski and his wife, who hail from the DuBois section, entered pleas of guilty to violation of the liquor law and Judge Chase sentenced each to pay a fine of \$300 and costs and serve two years in the Clearfield county jail. The sentence is to take effect October 20th providing the Baryshefskis are found at that time within the confines of either Clearfield, Jefferson or Centre counties.

Frank Baylin or Baylin, proprietor of the Smoke Run hotel, who had been before the Clearfield county court before for violating the liquor law, again entered a plea of guilty to possessing liquor found at his place on a recent raid by state police and constables. He was sentenced to pay \$300 fine and costs and serve four months in jail.

Ed Baylin, son of Frank, who was acting as bartender for his father, also entered a plea of guilty to both possession and sale and was sentenced to pay \$300 and costs and serve ten months in jail.

80 Ill Near Syracuse From Drinking Water In Spring Which Someone Poisoned

Syracuse, N. Y., Oct. 4. (INS.)—A wholesale attempt to wipe out a neighborhood through poison placed in a spring, was the theory followed by police and health authorities to day as they investigated the illness, within two days, of 80 persons, members of twenty families, at Onondaga Valley, a suburb. An analysis was ordered of water from the suspected poison spring.

W. L. Cliff, one of those stricken, said the lock to the spring house had been broken open.

From the symptoms of those ill, physicians believe Clostridium or Jalap was placed in the spring.

Found Posing Relaxation President McKinley never found posing for his portraits as some, but said it was a period of relaxation.

Hallowe'en's On The Road

The next holiday and festive occasion is Hallowe'en and you'll want to start planning your parties and the needed accessories therefor are all ready for you here.

You'll find that we have gathered some of the finest things the makers produced and the things which will add much to the gaiety of the party.

KUTZ Stationery Store, CLEARFIELD, PA.

The Red Cross

(Continued from Page One.)

nurse. She cared for these cases for two weeks.

In the summer of 1922 a call of distress came from Karthaus where the community was suffering from a scourge of Typhoid fever. Our Red Cross nurse responded, and took care of a family of four day and night for nearly two weeks, doing everything that was required in that home.

On November 6, 1922, word came at 9:30 a. m. of the terrible explosion in the mines at Spangler, Cambria county. Within thirty minutes, Miss Withrow, Miss Ross and Miss Lockard, who happened to be in Clearfield that morning, were ready, with all equipment for first aid work, and two automobiles were ready at the door to take them to the scene of disaster. Their services were not required however, as word came that a special train with supplies and twenty five nurses was on the way from Pittsburgh Chapter A. R. C.

But the illustration serves to show what the Service can and will do in an emergency.

During the diphtheria epidemic at the Paoli School last winter, our nurses assisted the physicians in taking cultures of the pupils' throats.

And when we had the small pox scare last spring, these same nurses stood by the physicians to help vaccinate the pupils of High and Junior High schools.

In emergency, disaster or epidemic, whether in Clearfield or communities of the Clearfield Chapter, the Red Cross Nursing Service always lives up to the motto: "I save."

Pastors of churches and presidents of all clubs and lodges, are requested to appoint at least two representatives from each church or organization and have them present at a meeting Wednesday evening October 8th, at 8:30, in Red Cross headquarters. Purpose, to discuss the manner of meeting the need of funds to carry on our Community Nursing Service.

Dayton Air Races To Show Advance

(Continued from Page One.)

ner we call to mind that these things have a definite scientific value.

"It is great sport to observe the diminutive speed planes plunging along through space at four miles a minute but in time of war the 'pursuit' plane is regarded with much deeper significance than is merely a speed entry."

Explaining that many strictly novel stunts are included in the air race program for the entertaining value, the race committee pointed out that in chartering the main course of events, the contest committee was guided by underlying factors of practical science.

Four competitive events were on the program today besides a continuation of the air carnival, which was highly praised by the 12,000 spectators the opening day.

Eight planes were entered in the Dayton Daily News trophy race, designed especially to promote interest in the development of the light, or "flier" type planes. None of the planes in this race could develop more than twenty horsepower, not greater than that of the average automobile.

Only civilians were permitted to take part in the "flier" race, which was to be run off over a twenty-five mile course. Prizes, totaled \$3,250 in Liberty Bonds.

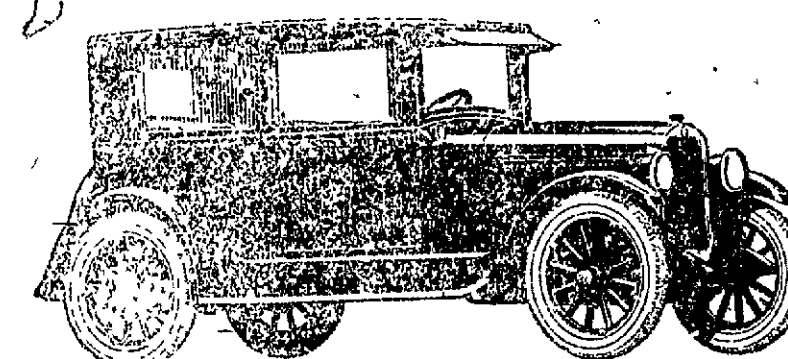

Eight flyers, all army men, have

A Warm Answer To A Cold House

Conceded the Best There Is—Guaranteed to Heat Every Room Comfortably—Your Home Must Receive the O. K. of Round Oak Heating Engineers Before You Can Buy—Installed According to Their Plans Specially Drawn After a Study of Your Problems—No Extra Charge for This Service—Will Save Its Cost in Fuel in the Future Years of Service—Built of Heavy Oversize Parts to Serve You a Generation or More—Investigate!

The Round Oak Ironbilt Furnace is made by the famous Round Oak Folks, who for half a century have made good goods only. It is built to cost, in the long run, less than any other system at any price. Big, heavy, oversize parts of sturdiest metals, joined permanently tight by a patented method, insure low upkeep, low fuel consumption, and freedom from the escape of dust, gas or soot into the house over a generation or more of time. It circulates throughout all rooms an abundance of healthfully moist, clean warmth as it withdraws the cold air out of the rooms.

ROUND OAK PIPELESS HEATING SYSTEM

It is installed only after the Round Oak Heating Engineers have examined a plan of your home, approved your home as suitable and have prepared special plans for the location of the furnace and registers. Satisfaction is not only thus assured you—satisfaction is GUARANTEED you. On milder days a little fuel will in ten or fifteen minutes completely remove the chill without over-heating. On bitterest cold days your house will quickly become warm and stay as warm and balmy as it is outdoors on an ideal summer day.

Thousands of owners of homes which have long been heated by Round Oak Ironbilt Furnaces testify to these facts. Why let your family shiver in discomfort and endure colds and sickness due to inefficient heating—why waste costly fuel up your chimney—why stand for the fuss and constant nursing of a fire that never gives you the comfort it should—why tolerate a worn-out heating plant that fills the home with gas and dirt.

OTHELLO RANGES

The OTHELLO is the perfect range, because every part and principle is the result of test and elimination.

But aside from the mechanical principles, did you ever stop to consider the features that govern a woman, in making her choice of a Range? They are refined simplicity, ease of operation, and durability—good service.

There are over 300,000 housekeepers using the OTHELLO Range today. When the great number of rival cooking Ranges is considered—there certainly must be a reason.

The advent of Porcelain Enamel, as applied to cooking apparatus, has rescued the lowly range from its dark corner of the Kitchen to a "place in the Sun".

SUNSHINE AIRTIGHT DOUBLE HEATERS

The SUNSHINE AIRTIGHT Double Heaters are first: things of beauty; second: the most efficient heating stoves on the market today; third: made to last for years.

The bright colors which are used (black, blue, brown and green) will hold their lustre as long as the stove lasts. The fire-pots are so constructed that you get every ounce of heat out of the coal. The materials used are the best that can be obtained for stove making.

We'll be glad to show you the various models and sizes.

When Industry Prospers, Labor Thrives

EVERY artery of our economic life is now pulsating with the throbs of Prosperity. Francis I. Jones, Director General of the Federal Employment Service says: "Business conditions have Improved to the extent that it is easier to get a job right now than at any time this year. The Pittsburgh Steel Co. has given employment to 6000 additional hands; Fall River reports that seven mills of the American Printing Co. have gone back to full time work; Ashville, N. C., the cotton weaving center, reports the demand for unskilled labor cannot be met.

Elbert H. Gary states that the U. S. Steel Corporation is spending five million dollars a month for the balance of the year in extensions and improvements necessary to take care of the orders for railroad and building equipment.

America's prosperity is your prosperity if you will grasp your opportunities and do your share in making opportunities for others.

WEEKLY MARKET REVIEW

By W. S. COUSINS
I. N. S. Financial Editor

New York, Oct. 4.—Interest was divided against the stock market to the grain and cotton market this week by reason of the spectacular jump in prices of wheat, corn, rye, barley and cotton in the New York and Chicago exchanges. Rarely in the history of the grain markets have such simultaneous advances occurred as those of Thursday in which rye jumped 7 to 8 cents a bushel, wheat to a mere high, oats 2½¢ and corn 4 cents, while cotton was adding 100 points or one cent a pound to its market price. In ten days rye has gained 25½ cents a bushel, while wheat is up 15 cents and corn 13 and barley 8½. Reflecting not so much a shortage of American production as an enormous demand from foreign markets to meet the shrinkage of European crops.

On the stock exchange the movements of prices was in narrow range, and governed almost exclusively by the activities of professional traders. The bears, who have been confining their market attacks on the industrial leaders since the middle of September launched a broadside against the whole market on Monday.

Industrial developments of the week were favorable on the whole. Car loadings in high volume evidenced the gradual increase in the exchange of commodities throughout the country, a fact which was further substantiated by the increase in bank clearings. Steel Mills showed an increase in current operations notwithstanding that some confusion still exists over steel prices. Gasoline prices were cut to the bone, but crude oil production showed evidence of coming under control.

Time money markets were steady, call loans still showing the effects of the October settlements. Railroads

reflected a boost from the action of the directors of the St. Louis and San Francisco in placing the preferred stock on a six per cent dividend basis and in hinting that the common will receive similar attention in the near future. The preferred stock jumped 6½ points on the announcement, but was unable to hold all this gain. Lehigh Valley made a splendid gain this week with hardly any reaction, and a number of active rails like Missouri Pacific, common, and preferred, sold at new high price levels for the year to date. Merger stocks were conspicuously inactive.

United States steel moved upward in contrast to the market action of the independent Steels which were generally unsteady in reflection of the uncertainty in effects of the abandonment of the Pittsburgh-plus price raising system. Pool specialists resisted the efforts of bearish speculators to repress their prices, but made no new excursions into high price territory with the exception of cast iron pipe. Copper stocks were sold at recessions in the first part of the week. Sugars were strong on

the better trend of the refined markets. Trading declined in volume in the latter part of the week and the total turnover of stock showed a considerable shrinkage as compared with the previous week.

New York, Oct. 4.—The stock market was dull and irregular in the early trading today, and inclined to continue the decline in stock prices which featured the close of the previous session. The industrial leaders were all down from a fraction to a full point at the opening, while railroad shares were mixed in their movements, recoveries taking place in many of the active stocks.

Selling pressure relaxed before the end of the first hour, however, and the market appeared to be in a sold but condition.

Pittsburgh, Oct. 4. (INS.)—Allegheny workhouse officials are still dragging the Allegheny river for Frank Gerdman, 35, of Allegheny county, a trustee of the Institute who is said to have attempted to save Amanda, "Constance," three, from drowning near the pumping station of the workhouse. Gerdman was canoeing at the time and the canoe upset. Gerdman, who had served all but 20 days of a three year sentence on a perjury charge, could not swim and it is believed he drowned.

Curwensville's Own Column

This afternoon the C. H. S. football squad will try measures out with the Phillipsburg business. The C. H. S. fellows are confident of adding another victory to their record of this season.

Lew G. Vaughn has resigned the management of the Yellow Front store. A new man has not as yet been assigned to that position but a new manager will probably take hold on Monday.

Wednesday night two fellows came together on Filbert street with autos. A young man standing on the corner in front of the Park House was hit on the head by a piece of a flying spring, cutting a small gash in his head.

The latest report of the condition of Obe Bloom, who was operated on at the Clearfield hospital Thursday is to the effect that he withstood the ordeal splendidly and his physicians have strong hope of his ultimate recovery. His was a very serious case and he was taken to the hospital just in time. The breaking of an abscess in the bowels was the cause of the trouble.

Mike Kovack, who took a trip to the old country about a month ago, returned to his Curwensville home on Thursday. Business in Europe, he represents, is exceedingly dull and nothing like as brisk as he finds it in the good old U. S. A.

Fire broke out in a straw shed on the farm of Lawrence Way on Thursday forenoon and made such a headway that the bucket brigade could not do anything with it. A call was made for the town pumper, but it arrived too late to save any of the buildings. The barn and all outbuildings surrounding it were burned to the ground. All of the hay and grain of the year's harvest was a total loss, which will foot up close to \$25,000, with a few thousand dollars of insurance.

The origin of the fire has not as yet been ascertained, but is laid to the door of spontaneous combustion. The barn was a circular shape and one of the best constructed buildings to be found in this end of the county or out in the Chestnut Ridge section. The loss to Mr. Way is one that he will feel for many years to come. Fortunately at the time of the fire no stock was in the vicinity, and very little of the farming machinery.

School Board held a meeting in the High School building Friday evening, at which time a number of large bills were acted on, the most important being the one presented for the new heating system, which has been finished and is in fine working condition.

SMOKE RUN

Mr. and Mrs. William Turnbull of Beccaria were calling on friends in town Wednesday.

Mr. and Mrs. H. C. Bailey were business callers in Iryona on Wednesday evening.

Ren Conrad of Allentown returned to his home on Thursday.

O. E. Berg was a Utahville visitor Sunday.

Lester Bloom and Matthew Owens, of Olanta, were calling in town Tuesday.

Miss Helen Clancy was a Madera caller on Monday.

Mr. and Mrs. William Turnbull of Beccaria were calling on friends in town.

Thomas James was a business caller in Clinton on Monday.

James Glasgow of Glen Hope was calling on his nephew, H. C. Bailey, on Wednesday.

Mrs. Rachel Ralston, Miss Helen Clancy and brother John attended the Fair at Clearfield on Wednesday of last week.

"Gusher's" Day Never Long.

There is a certain class of people with whom the gushing person will get a hearing, but this is merely because that particular class enjoys flattery, an art in which the gusher is particularly skillful. But, taken on the whole, human nature appreciates frankness and sincerity. And these two qualities give to the eye an expression which is not to be overlooked in the seeker after beauty.

Caught On to Safford Trick.

If a man's hat blew overboard while leaving port many British skippers would turn back and delay sailing until the next day. It was an omen that one of the crew would be lost overboard during the trip. This sign, however, became discredited as why it was hands, destined of another day, were with their wives and families, contracted the habit of going aloft and assisting the wind to foretell disaster.

Aged Munson Man's
Body Is Found From
Creek Near His Home

The remains of Edwin Davis, of Munson, aged about 73 years, were taken from the waters of Moshannon Creek yesterday, having been discovered by a body of searchers who had been looking for the aged man ever since his disappearance from his home a couple days previous.

Mr. Davis, who had been in failing health for some time, but had been much improved lately, disappeared on Wednesday and his friends and neighbors and Phillipsburg Boy Scouts had been searching for him ever since.

When drawn from the water the broken branch of a tree was found tightly clasped in his hand and it is thought that Mr. Davis fell into the water and made an attempt to get out but failed to do so when the branch he seized broke in his hands.

Only 14 Toll Roads Are
Now In Operation In This
State; There Were 250

Harrisburg, Oct. 4 (INS).—There are no toll roads on state highways in Pennsylvania, according to the State Highway Department, and there are only 14 toll roads throughout the entire state. These comprise a total of 59 miles. Twenty years ago there were 1,101 miles of toll roads throughout the entire state. The State of Pennsylvania paid for or assisted in paying for 522 miles of toll roads. The total cost of this mileage was \$2,228,788.02 of which the State paid \$1,321,222.52; the counties \$897,565.50. The average cost per mile was \$4,208.93. In one instance private individuals paid for 194 miles of toll road. This was the Carlisle-Hanover Turnpike. Of the 59 miles of toll roads existing in Pennsylvania 33.68 miles are in Lancaster county. Ten miles are in Berks county.

The toll roads now in existence are as follows:

MORRISON RETIRES
FROM THE STATE
BANK DEPARTMENT

Harrisburg, Oct. 3 (INS).—Captain W. W. Morrison, 33-year-old deputy banking secretary, retired from State service today. He had been deputy secretary for 23 years.

The retirement was followed by the promotion of Charles H. Graf, Kittanning, from second deputy to take the post vacated. Alvin M. Whitney, Coudersport, to Graf's job and Ireland M. Beckman, Erie, from banking examiner to third deputy secretary.

Electricity for Tractors.
A Swedish inventor claims to have satisfactorily applied electric power to tractors and other farm machinery.

AFTER AN
OPERATION

Mrs. Wilke Couldn't Get Back Her
Strength Until She Took Lydia E.
Pinkham's Vegetable Compound

Rochester, Minnesota.—"I had a very serious operation and it seemed as if I could not get my health back after it. I suffered with pain almost constantly. My sister came to help take care of me, and she was taking Lydia E. Pinkham's Vegetable Compound for nervousness and a run-down condition. She had me try some of it, and in a very few days' time I began to feel better. In two weeks I hardly knew myself and after taking a couple of bottles more I was up and helping around, and now I am strong and healthy again and am still taking it. It is a pleasure for me to write this to you, and I hope that many other women who are suffering like I was will find out about your medicine. I will give any information I possibly can."—Mrs. JAMES WILKE, 133 E. Center Street, Rochester, Minn.

Remember, the Vegetable Compound has a record of fifty years of service and thousands of women praise its merit, as does Mrs. Wilke.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent you free upon request. Write to the Lydia E. Pinkham Medicine Company, Lynn, Mass.

Tasty

The delight of the morning cakes is made more so or marred by the butter you use. The slice of bread little Jack or Mary eats after school is also improved by better butter.

Clearfield
Butter

Made from rich cream, under the most ideal of conditions, by men who know how, you have here a butter that will improve the taste of anything on or in which it is used.

Your grocer has it.
